Re: Docket Number 001494-TX

Dear Ms. Bayo,

I am writing this letter as a request for settlement on the above referenced docket number. King Communications and Service was issued a certificate for CLEC late last year. We recently found out that we did not pay the regulatory assessment fee for 1999. As of the present we have paid the past due amount including penalty and interest fees. We would like to request a settlement on the \$500 fine. We would like to propose that the Commission waive this fine based on the following. King Communications and Service never receive the notice for payment of the assessment fee. We believe that this was cause by circumstance beyond our control. First, we have had problems at out location, were kids have been vandalizing the mailboxes in the shopping center were we are located. Although we cannot prove that this was the cause of not receiving the notice, this situation was occurring between December 1999 through February 2000. In addition, the zip code, which is on file for our certificate, has not yet been corrected by the PSC. Our correct zip is 34112 not 32112. We did notify the PSC back in January via fax of this error, but it has not yet been corrected. Based on these circumstances, we would like to request the Commissions consideration in waving the \$500 fine, or at a minimum we would like to request a substantial reduction. Please keep in mind that we have not yet operated under the CLEC certificate. In addition, we have taken the following steps to insure that we do not incur these issue in the future:

- 1) The mailbox vandalize has been address with the landlord and the mailboxes are now in a more secure lighted area.
- 2) We have submitted a second written request to have the zip code corrected on our account with the PSC.
- 3) We have notified our accountant of our intention to begin utilizing the CLEC certificate and they have setup-automated reminders for the filing of the Regulatory Assessment Fee (RAF).

RE:

Docket No. 001494-TX  
King Communications & Services, Inc.

Mr. Delgado:

I've received your letters concerning this docket. I need for you to revise your November 8 letter to Ms. Bayó to include a statement that you have taken steps to prevent late payment of the RAF in the future AND what those steps are. Be sure to also state that all other aspects of your November 8 proposal are reaffirmed

In addition, I made a mistake when I told you that you had a \$12.00 balance from prior years and I'm sorry. You are absolutely correct that your certificate did not become active until December 29, 1999. Please write a separate letter to Ms. Evelyn Sewell, Division of Administration, FPSC, 2540 Shumard Oak Blvd., Tallahassee, FL 32399-0850 and state that on November 8 you paid the 1999 RAF of \$67.50, plus an additional amount of \$12.00, which you are now told was in error, and request a refund of the \$12.00 overpayment. Again, I apologize for this mistake. Thanks, Paula.
