I will be unable to attend the public meeting on above, but this is my notification of opposition to any rate increase especially one that is 25 times the rate of inflation. Fl. Public Utilities is a monopoly with a 30 year contract. They should be able to plan better. Donald and Audine Bergman

### CUSTOMER COMMENTS

As I said during the meeting the water quality is so very bad that it is virtually rotting away stainless steel fixtures, not just cheap copper plumbing. HOW DARE THEY ASK FOR AN INCREASE when you have hear evidence of serious wastefulness and dumping of water for unknown reasons? I promise you that the ~~answer~~ given to the old man at the meeting is a lie. Chlorine is a gas and unless exposed to light and air - does not dissipate away in the city's plumbing. There is no excuse for the waste he sees daily and the waste wh icch I observ~~ed~~ every night. This is and always has been a town with crooked - good old boy- politics but I'll be damned if I'll stand by and see the same shoddy standards apply to our water.. I also want you to know that a extremely serio~~us~~ sewage leak into the ocean was ~~noticed~~ <sup>created</sup> by <sup>Amelia IS plantation</sup> area surfers, but no one in the town was warned about it except for residents of Amelia island plantation. Don't they have a public responsibility? They reported it 2 weeks after the occurrence. I know numerous people who were surfing and literally found themselves in a cespool of human waste and toilet paper in our ~~poor~~ already disabled ocean.
