Line	Nature of Information Redacted	Justification
PAGE 1318-00		
8	Percentage of Sentry's profit derived from sale of SAF-T-CLOR	A
15	Amount of sales by Sentry	B
26	Amount of sales by Sentry	B
PAGE 1319-00		
10	Percentage of Sentry's before tax profit	A
13	Amount of credit line	B
17	Number of largest customers	C
17	Percentage of sales represented by largest customers	C
18-19	Names of large customers and information regarding their market position in their own native market which could be used to ascertain their identity	C
20	Names of large customers	C
20	Total number of customers	C
21	Percentage of sales represented by largest customer	C
22	Percentage of sales represented by largest municipal bid	C

Justification

A: Disclosure of Sentry's percentage of profits derived from sales of SAF-T-CLOR and before tax profit margin could impair Sentry's ability to compete in its native market as a bleach manufacturer and distributor, because disclosure of such information could enable its competitors to adjust product pricing in a manner detrimental to Sentry.

- B:** Order No. PSC-00-1598-PCO-EI authorized redaction of all “numbers representing monetary values” on this document.
- C:** Disclosure of the identities of Sentry’s largest customers, the percentages of sales represented by large customers and its largest municipal bid, and the total number of customers could impair Sentry’s ability to compete in its native market, because disclosure of such information could enable its competitors to selectively target their own marketing and sales efforts in a manner designed to cause the maximum loss of market share of Sentry.
