Re: Docket No. 001825-WS; Application for amendment of Certificates 242-W and 185-S to include additional territory in Broward and Palm Beach Counties by Parkland Utilities, Inc.

Dear Mr. Deterding:

This letter addresses three deficiencies in the aforementioned application. Staff does not have a copy of Exhibit G, the Affidavit of Customer Mailing, or, the utility's current certificates for amendment (Rule 25-30.036(3)(p)).

Additionally, staff would like to review the requests of the several owners or managers of the immediately adjacent properties who have asked for water and wastewater service (see Exhibit A, Part II, Need for Service), as is provided for in Rule 25-30.036(2)(b)(1). If copies of those requests could be made and forwarded to staff, it would be appreciated. Specifically we are interested in how many residences with wells exist now who want service from Parkland, and also what development interest exists and has been conveyed to the utility regarding the undeveloped agricultural land.

The original and four copies of the response to the information requested in this letter should be filed with the Commission on or before **March 26, 2001**. When filing the response, please be sure to reference the docket and to direct the response to :
