FPL seeks confidential classification for contractual data such as pricing and other terms, payment records and contractor rates, the disclosure of which would impair the efforts of FPL or its affiliates to contract for goods and services on competitive terms. Section 366.093(3)(d), Florida Statutes.

FPL has requested that these documents not be declassified for at least eighteen months. Section 366.093(4), Florida Statutes, provides that "any finding by the Commission that records contain proprietary confidential business information is effective for a

period not to exceed 18 months." Therefore, this information shall be granted confidential classification for a period of 18 months from the date of issuance of this Order. If FPL wishes continued protection for these documents, they may petition for continued protection prior to expiration of the declassification date.

Additionally, FPL requests that the confidential information be returned to FPL "in accordance with section 366.093(4) of the Florida Statutes, as soon as the information is no longer necessary for the Commission to conduct its business." However, these types of audit work papers are retained by the Commission for 25 years.

CONCLUSION

Upon review, it appears that the information discussed above is proprietary, confidential business information and should be given confidential treatment for a period of eighteen months from the date of the issuance of this Order to avoid harm to the company and its ratepayers. Based on the foregoing, FPL's request for confidential treatment of Documents Nos. 09030-00 (Cross-reference Document No. 08868-00) and 09590-00 is granted.

It is therefore

ORDERED by Commissioner Lila A. Jaber, as Prehearing Officer, that the information described in Florida Power and Light Company's request for confidential treatment of certain materials obtained during the capacity clause recovery audit for the year ending December, 1999, Documents Nos. 09030-00 (Cross-reference Document No. 08868-00) and 09590-00, is granted confidential classification. It is further

ORDERED that the information described within the body of this Order shall be granted confidential treatment for 18 months. It is further

ORDERED that this Order will be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.
