Dear Mr. Rendell,

I hereby request that our utility company be allowed to add a "set rate" late fee to our water tariff. Our company would like to add a \$4.00 late fee charge for each account that is not paid by the due date of the water/sewer bill.

Each account must be audited and all past due accounts pulled, rechecked and sent delinquent notifications. This requires a lot of office supplies, postage and personnel hours.

Attached you will find our average monthly bill from the utility billing company that we use, and a breakdown of our company expenses for auditing all delinquent accounts. There is no existing late fee charge for our utility company at this time. If you need any further information, you may contact me at (352) 483-1377. Thank you for your time in this matter.

Sincerely,

Lindsey Thompson
