ORDER APPROVING MID-COURSE CORRECTION

BY THE COMMISSION:

On January 16, 2001, Florida Public Utilities Company ("FPUC") filed a petition for relief in the form of a mid-course correction to its currently authorized purchased gas adjustment ("PGA") cap to become effective as of the date of our vote through December 31, 2001. Jurisdiction over this matter is vested in this Commission by several provisions of Chapter 366, Florida Statutes, including Sections 366.04, 366.05, and 366.06, Florida Statutes.

By Order No. PSC-00-2383-FOF-GU, issued December 12, 2000, we established FPUC's currently authorized PGA cap for the period January 2001 through December 2001 of 84.781 cents per therm. This factor was derived by dividing projected purchased gas costs of \$40,494,737 by projected therm sales of 48,081,630.

In its petition, FPUC indicates that it now projects an underrecovery of \$6,565,235 in purchased gas costs based on "rapid and significant increases in prices for natural gas." FPUC indicates that these increases are the result of a colder than normal winter in combination with lower supply levels across the nation. FPUC further indicates that any significant reduction in these prices is not expected. To address this projected underrecovery, FPUC requests approval to increase its authorized

PGA cap from 84.781 cents per therm to 99.529 cents per therm for the remainder of the January 2001 through December 2001 recovery period.

We note that increasing FPUC's PGA cap from 84.781 cents per therm to 99.529 cents per therm during the period February 6, 2001, (the date of our vote) through December 31, 2001, would cause a \$3.69 increase per month for residential customers using 25 therms, if the cap is charged. This increase would not eliminate the full amount of the projected underrecovery. However, increasing the PGA cap now will mitigate the impact of FPUC's projected underrecovery on ratepayers during the January 2002 through December 2002 recovery period.

FPUC's purchased gas costs have increased as a result of drastic increases in the price of natural gas during the current winter season (2000-2001). Since we approved FPUC's currently authorized PGA cap in December 2000, colder than normal winter weather across the mid-west and northeast United States and historically low natural gas storage levels have caused an unprecedented increase in natural gas cost on a national basis. Further, there are no current indications that natural gas prices will experience any meaningful decrease in the next several months.

Based on the foregoing, we find that FPUC's request to increase its PGA cap from 84.781 cents per therm to 99.529 cents per therm is reasonable, and we approve the mid-course correction effective with all meter readings taken on and after February 6, 2001, the date of our vote in this matter, through December 31, 2001.

We recognize that there will not be time to conduct a prudence review of FPUC's re-projections of purchased gas costs prior to implementing this increase in FPUC's PGA factor. However, the prudence of these purchased gas costs will be determined at our annual hearing in Docket No. 010003-GU, scheduled for November 2001. If the increase in FPUC's PGA cap is ultimately found imprudent, FPUC's ratepayers will suffer no harm because any costs found imprudent will be disallowed for recovery and will be credited to the ratepayers through this docket's true-up mechanism.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the petition of Florida Public Utilities Company for approval to increase its authorized purchased gas adjustment cap from 84.781 cents per therm to 99.529 cents per therm is granted. It is further

ORDERED that Florida Public Utilities Company's newly authorized purchased gas adjustment cap shall become effective for all meter readings taken on and after February 6, 2001, the date of our Commission vote in this matter, through December 31, 2001. It is further

ORDERED that this docket shall remain open.

By ORDER of the Florida Public Service Commission this 19th day of February, 2001.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code, if issued by a Prehearing Officer; (2) reconsideration within 15 days pursuant to Rule 25-22.060, Florida Administrative Code, if issued by the Commission; or (3) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of Records and Reporting, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
