MARCH 6, 2001

RE: DOCKET NO. 010001-EI - Fuel and purchased power cost recovery clause and generating performance incentive factor.

Issue 1: Should the Commission approve a mid-course correction to Florida Power Corporation's (Florida Power) authorized fuel and purchased power cost recovery factors to collect the \$29.4 million under-recovery for 2000? Recommendation: Yes. The Commission should approve Florida Power's amended petition for a mid-course correction to collect the \$29.4 million under-recovery for 2000. This approval would mitigate the rate impact of Florida Power collecting this amount during 2002.

Issue 2: Should the Commission approve a mid-course correction to Florida Power Corporation's (Florida Power) authorized fuel and purchased power cost recovery factors to collect its estimated \$73.0 million under-recovery in 2001?

Recommendation: Yes. The Commission should approve Florida Power's amended petition for a mid-course correction to collect its estimated \$73.0 million under-recovery during 2001. This approval would mitigate the rate impact on Florida Power's retail ratepayers of Florida Power collecting this amount during 2002. Any over-recovery that Florida Power may collect due to the proposed fuel cost recovery factors will be refunded to Florida Power's ratepayers with interest.

APPROVED

Issue 3: If the Commission approves Florida Power's amended petition for a mid-course correction to Florida Power's fuel cost recovery factors, what should be the effective date of the mid-course correction?

Recommendation: If the Commission does not approve staff's recommendation in Issues 1 and 2, this issue is moot. If the Commission approves staff's recommendations in Issue 1, Issue 2, or both, the effective date should be March 29, 2001.

APPROVED

Issue 4: Should this docket be closed?

Recommendation: No.
