RE: DOCKET NO. 010001-EI - Fuel and purchased power cost recovery clause and generating performance incentive factor. (Deferred from the March 6, 2001 Commission Conference - Revised Recommendation)

Issue 1: Should the Commission approve a mid-course correction to Florida Power & Light Company's (FPL) authorized fuel and purchased power cost recovery factors to collect FPL's actual \$76.8 million under-recovery for 2000?

Recommendation: Yes. The Commission should approve FPL's petition for a mid-course correction to collect FPL's actual \$76.8 million under-recovery for 2000. This approval would mitigate the rate impact of FPL collecting this amount during 2002.

Issue 2: Should the Commission approve a mid-course correction to Florida Power & Light Company's (FPL) authorized fuel and purchased power cost recovery factors to collect FPL's projected \$431.5 million under-recovery in 2001?

Recommendation: Yes. The Commission's approval of a mid-course correction to collect FPL's projected \$431.5 million under-recovery for 2001 will avoid a more severe rate impact that will result if collection of the under-recovery is deferred until 2002. Any over-recovery that FPL collects due to the proposed fuel cost recovery factors will be refunded to FPL's ratepayers with interest.

# APPROVED

Issue 3: If the Commission approves FPL's petition, in whole or in part, for a mid-course correction to FPL's fuel cost recovery factors, what should be the effective date of the mid-course correction?

Recommendation: If the Commission does not approve staff's recommendations in Issues 1 and 2, this issue is moot. If the Commission approves staff's recommendations in Issue 1, Issue 2, or both, the effective date should be April 2, 2001.
