**RE:** Docket No. 001589-TL - Proposed Rule 25-4.047, F.A.C.,  
Eligible Telecommunications Carrier (ETC) Information  
Requirements for Lifeline and Link Up Service

---

When staff opened Docket No. 001589-TL, we believed that we were ready to recommend a rule to the Commission for proposal pursuant to Section 120.54, Florida Statutes. After the rule development workshop, however, staff discovered that it had opened the docket prematurely, and that a rule should not be proposed at this time. No recommendation has been filed, and no Commission action has been taken on this rule. Thus, Docket No. 001589-TL was opened erroneously and should be closed. Closing this docket is consistent with APM 2.07 C.5.a., which allows the Director of the Division of Records and Reporting to administratively close dockets that were erroneously opened.

Please let us know whether you require any further action from staff to administratively close Docket No. 001589-TL.
