FPSC-RECORDS/REPORTING

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for Approval of)
Revised Lighting Tariffs by)
Tampa Electric Company)
_____)

DOCKET NO.
FILED: April 4, 2001

PETITION

Tampa Electric Company ("Tampa Electric" or "the company"), pursuant to Chapter 366.06, Florida Statutes, and Section 25-9.024 F.A.C., files this its Petition for Approval of Revised Lighting Tariffs, and in support thereof states:

1. Tampa Electric is an investor-owned electric utility operating under the jurisdiction of this Commission and serving retail customers in Hillsborough and portions of Polk, Pinellas and Pasco Counties. The company's principal offices are located at 702 North Franklin Street, Tampa, Florida 33602.

2. The persons to whom all notices and other documents should be sent in connection with this docket are:

Mr. Lee L. Willis
Mr. James D. Beasley
Ausley & McMullen
Post Office Box 391
Tallahassee, Florida 32302

Ms. Angela Llewellyn
Administrator,
Regulatory Coordination
Tampa Electric Company
Post Office Box 111
Tampa, Florida 33601

3. In this petition, Tampa Electric seeks approval for certain Revised Tariff Sheets listed in Exhibit "A". The requested amendments are attached hereto in standard and legislative format as Composite Exhibit "B".

4. The tariff sheet revisions include proposed rates for three new lighting service offerings and miscellaneous informational and typographical corrections under the Street Lighting Service (Schedule SL-2); General Outdoor Lighting Service (Schedule OL-1); and the Premium Outdoor Lighting Service (Schedule OL-3).

5. The company is proposing a new rate for a decorative 23 foot concrete pole, offered under Schedule OL-3 (Sheet No. 6.306), in response to customer requests for more flexibility in fixture mounting height.

6. Tampa Electric's customers are increasingly requesting metal halide (white light) fixtures for security purposes. The company is proposing to add a 400 watt metal halide cobra-style fixture as a second new service offering under Schedule OL-3 (Sheet No. 6.305) in response to these requests.

7. The company's third proposed new service offering is a 400 watt mongoose-style high pressure sodium lighting fixture offered under Schedules SL-2 (Sheet Nos. 6.260 and 6.261) and OL-1 (Sheet No. 6.271). This product provides better coverage in wide street intersections and certain area lighting situations.

8. The proposed service rates for the new offerings are designed to take into account cost of service and other recognized ratemaking criteria.

9. In addition to the tariff revisions for the aforementioned new service offerings, Tampa Electric has updated the lumen values of the metal halide lamps in Schedule OL-3 (Sheet Nos. 6.305 and 6.306) to reflect the manufacturer's current initial lumen specifications based on the burn position of the lamp. These tariff modifications are for clarification and information purposes only and will not affect the pricing or service offerings.

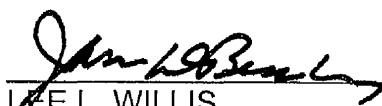

10. The company has also corrected two typographical errors under Schedule OL-3, the Total Monthly Charge for the Classic Post Top (Sheet No. 6.304) and the Fixture Charge for the Decorative Cube (Sheet No. 6.305). Customer bills for the offerings are unaffected by these changes as the correct charges have always been applied for billing purposes.

11. Tampa Electric knows of no disputed issues of material fact relative to the lighting tariff revisions proposed herein.

WHEREFORE, Tampa Electric requests that this Commission consent to the application of the Revised Tariff Sheets as set forth in Exhibit "A". The company requests that such approval be made effective at the expiration of the appropriate notice period pertaining to tariff modifications with that notice period expiring on or before May 15, 2001.

Dated this 4th day of April 2001.

Respectfully submitted,

LEE L. WILLIS
JAMES D. BEASLEY

PREMIUM OUTDOOR LIGHTING SERVICE

SCHEDULE: OL-3

RATE CODE: 530-599

AVAILABLE: Entire service area.

APPLICABLE: For outdoor area lighting. Overhead installations under this schedule are available only to customers who sign an agreement for a minimum period of one year. All other underground installations are available only to customers who sign an agreement for a minimum period of seven years. At the Company's option, a deposit amount of up to two (2) month's average billing may be required at anytime.

CHARACTER OF SERVICE: Service provided during the hours of darkness. Service is normally provided on a dusk to dawn basis. At the Company's option and at the customer's request, the Company may permit a timer to control a lighting system provided under this rate schedule. Cost associated with installing and maintaining the timer system would be the responsibility of the customer requesting such service. The Company will control access to and set the timer to the customer's specifications, but in no case will such service exceed 2100 hours each year.

LIMITATION OF SERVICE: Installation shall be made only when, in the judgement of the Company, location of the proposed lights are, and will continue to be, easily and economically accessible to Company equipment and personnel for both construction and maintenance.

PREMIUM OUTDOOR LIGHTING SERVICE

SCHEDULE: OL-3

RATE CODE: 530-599

AVAILABLE: Entire service area.

APPLICABLE: For outdoor area lighting. Overhead installations under this schedule are available only to customers who sign an agreement for a minimum period of one year. All other underground installations are available only to customers who sign an agreement for a minimum period of seven years. At the Company's option, a deposit amount of up to two (2) month's average billing may be required at anytime.

CHARACTER OF SERVICE: Service provided during the hours of darkness. Service is normally provided on a dusk to dawn basis. At the Company's option and at the customer's request, the Company may permit a timer to control a lighting system provided under this rate schedule. Cost associated with installing and maintaining the timer system would be the responsibility of the customer requesting such service. The Company will control access to and set the timer to the customer's specifications, but in no case will such service exceed 2100 hours each year.

LIMITATION OF SERVICE: Installation shall be made only when, in the judgement of the Company, location of the proposed lights are, and will continue to be, easily and economically accessible to Company equipment and personnel for both construction and maintenance.

MONTHLY RATE:
