Re: Docket No. 010156-WU - Reports originally required in Docket No. 960545-WS and now required in Docket No. 010156-WU

Dear Mr. Deterding:

On April 18, 2001, I received a letter directly from Ms. Connie Kurish concerning the report on the escrow of increased service availability charges for Aloha's Seven Springs water system. However, although that letter referenced a report, the report was not attached. Also, Ms. Kurish referenced Docket No. 96045-WS (apparently trying to reference Docket No. 960545-WS).

I have been receiving those reports from you in the past, and, in February and March, I advised you to now file all such reports in Docket No. 010156-WU (the service availability docket). Therefore, I presume that you will shortly be filing the reports on the escrow account and status of the pilot project in Docket No. 010156-WU in the near future.

However, if Ms. Kurish is now going to be filing the reports directly, please make sure that the reports are filed in Docket No. 010156-WU and not 960545-WS. Also, as I said, the report on the escrow account was not attached and is not appearing on our Case Management System. Finally, please continue to copy Tom Walden of the Division of Regulatory Oversight with the reports on the status of the pilot project.

If you have any questions, or if I can be of any further assistance, please contact me at (850) 413-6234.

Sincerely,

Ralph R. Jaeger
