James Meza III (KA)

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Request for Review of Proposed)
Numbering Plan Relief for the) Docket No. 990455-TL
305/786 Area Code – Dade County)
and Monroe County/Keys)
Region)
_____) Filed: April 27, 2001

**BELLSOUTH’S MOTION FOR AN ORDER DIRECTING
TELCORDIA TO MAKE THE NECESSARY CHANGES TO BRIDS
AND RDBS IN ORDER TO IMPLEMENT RATE CENTER CONSOLIDATION
IN NEW EXCHANGE “THE KEYS” IN THE 305 AREA CODE**

NOW COMES, BellSouth Telecommunications, Inc. (“BellSouth”) requesting the Florida Public Service Commission (FPSC) grant full authority to Telcordia Technologies, Inc. (“Telcordia”) to make the appropriate changes to two national databases, the BellCore Rating Information Database System (BRIDS) and the Routing Database System (RDBS), which are necessary for implementation of Rate Center Consolidation (“RCC”) in the Monroe County portion of the 305 area code.

In support of this motion BellSouth states:

1. BellSouth is a telecommunications public utility regulated by the Commission providing, among other services, intraLATA local exchange telecommunications services in the State of Florida, including the new exchange, “The Keys”, created due to RCC in the Monroe County portion of the 305 area code.

2. On October 20, 2000, the Florida Public Service Commission (“Commission”) issued Order No. PSC-00-1937-PAA-TL, wherein it required

implementation of code sharing and rate center consolidation in Dade County and the Monroe County portion of the 305 NPA.

3. On October 27, 2000, the Commission issued Order No. PSC-00-2055-PAA-TL, which provided the guidelines for the rate center consolidation ballot ordered in PSC-00-1937-PAA-TL.

4. On January 10, 2001, the Commission approved a stipulation in Docket No. 920260-TL, Order No. PSC-01-0091-PAA-TL, wherein BellSouth agreed to implement RCC in the Monroe County portion of the 305 area code. The acceptance of the stipulation rendered the portion of Order No. PSC-00-1937-PAA-TL requiring balloting of the Monroe County portion of the 305 area code for RCC moot.

5. On March 23, 2001, the Commission vacated the portion of Order No. PSC-00-1937-PAA-TL requiring RCC in Dade County.

6. In order to complete the implementation of RCC in the Keys, BellSouth requests that the FPSC grant full authority to Telcordia to make the appropriate changes to two national databases, BRIDS and RDBS.

7. BRIDS is used by the telecommunications industry for network routing and rating. Specifically, it is primarily used for producing the Terminating Point Master file and the V&H Coordinate Data. These products are used primarily for billing verification, call rating and send-to billing. Data entries in BRIDS are required prior to the activation of each NXX and ensure that these functions are performed accurately. These data entries employed by BRIDS includes, "Rate Center Name", "Place Name", and "Locality Name".

8. RDBS is used to feed the Local Exchange Routing Guide (LERG). Each NXX is entered into RDBS with an association to one and only one rate center. With RCC, the rate center associated with every affected NXX must be changed in RDBS.

9. Typically, the Administrative Operating Company Number (AOCN) designated by the code holder of each central office code ("NXX") makes these changes on-line for the NXX. However, in order to maintain consistency in the systems and to ensure that all changes are made in a timely manner, BellSouth is requesting that the FPSC authorize Telcordia to make the changes in BRIDS and RDBS for the entire industry.

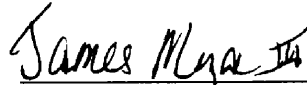

10. Authorization of Telcordia to make global BRIDS and RDBS database changes for RCC in the Monroe County portion of 305 area code ensures consistency and promotes the timely completion of the updates. Although a specific implementation date has not been established, Telcordia will complete these changes by the RCC conversion date, once established.

11. Telcordia has completed such changes for the industry in the Atlanta, Georgia RCC.

WHEREFORE BellSouth requests the Commission grant full authority to Telcordia to make the appropriate changes to BRIDS and RDBS due to RCC in the Monroe County portion of the 305 area code.

Respectfully submitted this 27th day of April, 2001.
