It has never been nor will it be my intention to withhold monies due the Commission. It was recently brought to my attention in a letter dated April 23, 2001 from Paula J. Isler that I had past due penalty and interest charges dating back to 1997. Check for \$21.00 attached.

I am now totally aware of how important the January 30th deadline is and how to correctly calculate my Regulatory Assessment Fee.

I further understand that I will waive my objection to the administrative cancellation of my certificate in the event I fail to comply with the terms.

I propose a settlement of \$50.00, equivalent of one years R.A.F.

I also humbly request that this letter is sufficient and that my proposal be accepted.

Sincerely, Thomas Pyning
