Thanks, Jessica. Hello Kay and Linda. Will you change the docket title to reflect the changes requested by Jessica? I really appreciate your assistance.

Brenda, We have all the documentation that we need for this transaction since it does not involve a transfer of the certificate. I would recommend that we change the docket title to "Notice of transfer of control of 01 Communications of Florida, LLC (holder of IXC Certificate No. 7301 and ALEC Certificate No. 7302) from SpectrumLink Networks, Inc. parent company of 01 Communications to Clearwire Holdings Inc., with Clearwire Holdings Inc. acquiring control of SpectrumLink Networks, Inc. and 01 remaining a subsidiary of SpectrumLink." I think this will make the relationship between 01 and SpectrumLink clear from the title. You can foreword this to Kay so records can do the docket title change. Also, when you write the recommendation be sure to specify that 01 will continue as an authorized telecommunications carrier in Florida and will operate under the same tariff. Thanks, Jessica

Jello Jennifer. The above docket is a transfer of control. What is required of me to process this request? Thanks.
