Dear Mr. Mazzone:

On March 27, 2001, the Florida Public Service Commission issued Order No. PSC-01-0808-AS-TL, approving a joint settlement offer from the various telecommunications carriers in the 305 area code. The settlement, among other things, provided for the consolidation of the present seven rate centers in the Keys area into one rate center, to be known as Keys Rate Center.

The Order approving the Keys rate center consolidation does not provide a specific implementation date. On April 10, 2001, however, the carriers filed a Notice to Establish implementation schedules for the 305 area code. It is anticipated that the rate center consolidation will be implemented in the fourth quarter of 2001.

To facilitate a smooth implementation in accordance with Order No. PSC-01-0808-AS-TL, Telcordia may now proceed with the appropriate changes in the BRIDS and RDBS data systems. Please coordinate with your usual industry sources regarding the details of these changes.

Thank you for your cooperation in this matter.

Sincerely,

C. Lee Fordham, Staff Counsel
