Janet Rowe Dugan

I have had problems
since we moved here 11-19-94.
It took at least a dozen phone
calls because I did not want
to be in the Venice phone book. We
live in Sarasota. Every year I
have to call for a Sarasota phone
directory and every year I have
to disband the Venice one. It has
been very annoying. We finally
have our name in the Sarasota
phone book - but it has "Osney"
after our name - not happy with
that either. I do not know why
they are doing this. I would
think after almost seven years
they can not or will not rectify
this. A lot of our friends have
had to call my sister in
Longport to get my phone number.

Please take care of this -
you have had more than
ample time.

Subject: Effect of telephone mislisting
Hi Janet,

In 1998 we had just moved here from New England when my wife's niece's son was killed and other children injured in an auto accident. Due to the mislisting they were unable to locate us in Sarasota even when they used telephone information. This was directly due to the fact we were listed in the Venice book and not in the Sarasota book. When we called to complain it took more than a year to get us listed in the Sarasota book and we had to pay an additional charge.

Hazel (Gruenberg) now O'Donnell
P.S. We are still being charged the additional .95 cents for an additional listing.

Thank you for taking the time and trouble to look out for us and what is right.

Subject: Stoneybrook and telephones

Janet, my name is Priscilla Cross and I just moved here to Clubside South Condos in Stonelbrook at the end of April. Wow! I have just assumed that anyone who tried to call me at my old phone number on Siesta Key would, upon being told the number had been disconnected, ask information for the new one and would ask for a Sarasota number.

I have no idea how many calls I may have missed, but this is very unsettling. In fact, I don't really understand why there can't be an automatic voice that comes on and just tells people calling the old number that it's been changed to this new one. Surely, in this age of automation it wouldn't be all that hard to do.

Many of my friends around the country have never heard of Venice or Osprey and, since I'm listed by my first initial, might not quite know what to do if they were given this number.

Many thanks for bringing this problem to light.

Dear Janet:

Although we did not experience any of the situations you described in your notice, we were surprised and outraged to know that our telephone number is indeed listed under Venice-Osprey and not under Sarasota, as expected. Thus, visitors to Sarasota who would possibly want to get in touch with us, and not knowing our telephone number, would not find us. That is unacceptable. Please let us know what we can do to support this cause.
