## **Hugh Savage**

**President of Telsys, Inc.**

### **BIOGRAPHY**

Hugh Savage has over twenty-five years of successful experience in providing and managing a full range of telecommunication services to companies. He is an expert in designing and managing the installation of telecom systems for the business, medical, lodging and electrical utility industries.

Hugh began his telecom career as a technician in the U.S. Air Force. After leaving the military, he obtained a degree in Electrical Engineering. For the next 10 years he worked as a Telecommunication Engineer for Southern California Edison. During this time he gained extensive experience in a wide variety of customer owned and leased telecom systems including microwave, two way radio, telephone, cable, open wire, security, audio and data systems.

Hugh left Edison to join National Medical Enterprises (NME) in the newly created position of Director of Telecommunications. NME (later renamed Tenet Healthcare) is a healthcare company owning and operating hospitals around the world. During his 16-year tenure at NME, Hugh was responsible for the creation, training and management of a group of telecom technicians, analysts and support staff. Under Hugh's direction, the Telecom Department provided extensive in-house telecom design and maintenance services for new and existing NME facilities typically at a substantial cost saving.

After leaving Tenet Healthcare, Hugh founded Telsys, Inc. The primary focus of Telsys is to provide innovative and reliable methods of generating new revenue and reducing telecom costs for hotels and hospitals.

## **BACKGROUND SUMMARY**

A telecommunications professional with twenty-five years successful experience in providing and managing a full range of telecommunication services for companies. Expert in designing and managing the installation of telecom systems for the business, hotel, medical and electrical utility environments.

## **PROFESSIONAL EXPERIENCE**

**TENET HEALTHCARE**, Santa Monica, CA  
*Director of Telecommunications*

A healthcare company owning and operating hospitals around the world. Managed a group of 15 analysts, technicians and support personnel with an annual budget of \$10 million.

- Established and managed a group of in-house analysts providing a wide range of telecom consulting services to several hundred domestic and international Tenet Healthcare facilities. The facilities included acute, rehab and psychiatric hospitals; nursing homes and a wide variety of company owned offices (clinics, collection agencies, corporate and regional offices etc.). Typical savings of over \$1 million per year were realized while providing standardized, technically sophisticated solutions using a variety of telecommunication systems.
- Established and managed a group of in-house technicians providing telephone maintenance services to over 60 Tenet Healthcare facilities in Southern California and Louisiana. Realized savings of over \$500,000 per year while providing timely, superior service.
- Personally managed all aspects of the replacement and upgrades of a wide range of telecom systems, with particular emphasis on telephone systems, at Tenet Healthcare locations throughout the world. All project dates were met, adherence to Tenet Healthcare and Telecom industry standards was realized and substantial cost savings typically resulted (\$US500,000 in the case of Centro Medico Teknon in Barcelona).

- Evaluated and implemented changes in the contracting and routing of long distance telephone calls that resulted in savings of \$1.2 million per year. Provided frequent reevaluation and fine tuning to further reduce costs while meeting the diverse calling needs of Tenet Healthcare facilities.

**SOUTHERN CALIFORNIA EDISON, Alhambra, CA**  
*Telecommunications Engineer*

An electrical utility providing service to 50,000 square miles of Southern California. Responsible for the analysis, design and implementation of a wide variety of rented and owned telecom systems.

- Overall responsibility for the engineering of all telecom systems in a large geographical area plus supervision of three associate engineers.
- Analyzed and coordinated all aspects of implementing changes on SCE's large, privately owned communication systems consisting of microwave, two-way radio, telephone, cable, open wire, security, audio and data systems.
- Analyzed and coordinated all aspects of implementing changes in communication systems leased and rented by SCE from various telephone companies. Included were telephone systems plus a wide variety of voice and data circuits.

**EDUCATION**

To Whom It May Concern:

Hugh Savage has been providing telecommunications consulting, installation and repair services for this medical campus since before it was built over sixteen years ago. Originally Hugh provided these services during his sixteen year tenure as the Director of Telecommunications for Tenet Healthcare (formerly named NME), the owner of this facility, and, for the last three years, under the umbrella of Telsys, Inc. the telecommunications company he founded when he left Tenet Healthcare.

I personally have known and worked with Hugh since I came to Delray Medical Center ten years ago. I have found him to be very knowledgeable and always responsive in providing solutions to meet our telecommunications needs. I would recommend Hugh and his company, Telsys, to any organization needing telecommunication services.

If any additional information is required, I can be reached at (561)637-5104.

Sincerely,

Ralph DeCerbo,

**TO WHOM IT MAY CONCERN:**

Hugh Savage has been wire systems and telecommunications consultant to three large new hospital projects for which I have been directly responsible over the past 20 years. I have worked closely with him as hospital operator during the design, tendering, installation, training and commissioning phases of the systems for these facilities.

The first project was a multifacility healthcare campus in Delray Beach, Florida. I subsequently insisted on his becoming involved with the second project - also a multihospital campus in Kuala Lumpur, Malaysia and most recently another multihospital campus in Barcelona, Spain.

In each case I have been responsible for the operational development and have had the first hand experience of using and expanding these large systems in diverse and varied settings where culture, language and user sophistication were key factors in making the most of the technology available.

Hugh's involvement and continuous support was critical to the high degree of success we were able to achieve in each project.

My recommendation of Hugh Savage to anyone needing telecommunication services of this type is unconditional. When we do our next healthcare campus, I expect to have him do the telecommunications portion.

Sincerely,

Robert M. Manson  
Consejero Delegado  
Chief Executive Officer

## Syndicated Office Systems

April 12, 1999

To whom it may concern,

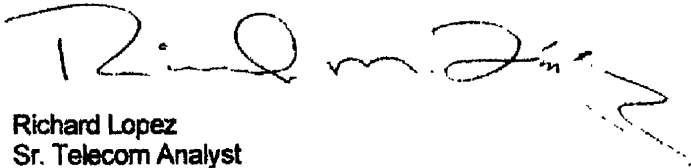

Hugh Savage through Tenet Healthcare was responsible for the procurement and installation of the telephone systems at all of our locations.

Hugh left Tenet Healthcare to start his new company, Telsys. Since that time, Hugh has continued to provide our company with telecom support. In addition, Hugh was responsible for planning, coordinating, and the installation of an upgrade to our call accounting systems.

I highly recommend Hugh, and his company, Telsys, to anyone requiring a knowledgeable and dedicated telecommunications expert. Hugh can be counted on to provide a quick and qualitative analysis of any telecommunications system, or company needs,

If you have any questions please feel free to call me at (714) 438-6536.

Sincerely,

Richard Lopez  
Sr. Telecom Analyst

**SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS**

For the purpose of this tariff, the following definitions shall apply:

**Access Coordination** - Provides for the design, ordering installation coordination, pre-service testing, service turn-up and maintenance on a Company or Customer-provided local access channel.

**Administrative Change** - The modification of an existing circuit, dedicated access line or port, at the request of the Customer, which involves changes to authorization codes, speed numbers, route guide, consolidate of billing, or any other administrative change not covered by a Billing Record Change. (See below for definition).

**Application for Service** - A standard Company order form that includes all pertinent billing, technical and other description information that will enable the Company to provide a communication service as required.

**Attempted Delivery** - Denotes a procedure whereby the Company will attempt to connect an authorized user to the called party.

**Authorized User** - A person, firm, corporation or other entity authorized by the Company or a Customer to receive or send communications.

**Billing Record Change** - A change in Customer billing address.

**Called Station** - Denotes the terminating point of a call (i.e., the called telephone number).

**Calling Card** - A card assigned by local telephone companies which enable users to bill telephone calls to their local telco account.

**Cancellation of Order** - A Customer initiated request to discontinue processing a service order, either in part or in its entirety, prior to its completion. Cancellation charges may be assessed for each circuit-end or dedicated access line cancelled from an order prior to its completion under the following circumstances: (1) if the local Telco has confirmed in writing to the Company that the circuit-end or dedicated access line will be installed; or (2) if the Company has already submitted facilities orders to an interconnecting telephone company. (This differs from a disconnection -- see definition).

Timing of Calls

Chargeable time for calls billed from facilities with answer supervision signalling from the local telephone company begins when the Company's equipment, located on-site at the Customer premises, receives the answer supervision signal from the local telephone company.

Chargeable time for calls billed from facilities which lack answer supervision signalling from the local telephone company begins sixty (60) seconds from the intervention of the automated equipment.

Calls are billed in one-minute increments; fractional minutes of use are rounded up to the next full minute.

Chargeable time ends when the calling telephone "hangs up" thereby releasing the network connection. If the called telephone "hangs up" but the calling telephone does not, chargeable time ends when the network connection is released by automatic timing equipment in the telephone network.

**SECTION 2 - RULES AND REGULATIONS (continued)**

**2.1 UNDERTAKING OF THE COMPANY**

- 2.1.1 The Company's service and facilities are furnished for communications originating at specified points within the state of Florida under terms of this tariff.

The Company installs, operates and maintains the communications services provided herein in accordance with the terms and conditions set forth under this tariff. It may act as the Customer's agent for ordering access connection facilities provided by other carriers. The Customer shall be responsible for all charges due for such service arrangement.

The Company's services and facilities are provided on a monthly basis unless ordered on a longer-term basis, and are available twenty-four hours per day, seven days per week.

- 2.1.2 Except as otherwise indicated herein, the services provided by the Company enable hotels, motels and hospitals (Customers) to offer operator assisted services to patrons, employees, guests and patients (end users). Payment of usage charges and surcharges are the responsibility of the end user, called party or the subscriber.

**2.2 LIMITATIONS**

- 2.2.1 Service is offered subject to the availability of facilities and the provisions of this tariff.
- 2.2.2 The Company reserves the right to discontinue furnishing service, upon written notice, when necessitated by conditions beyond its control or when the Customer is using the service in violation of the provisions of this tariff, or in violation of the law.
- 2.2.3 The Company may discontinue Service without notice to the Customer, by blocking traffic to certain cities or NXX exchanges when the Company deems it necessary to take such action to prevent unlawful use of its service. The Company will restore service as soon as it can be provided without undue risk.

**SECTION 2 - RULES AND REGULATIONS (continued)**

2.2 LIMITATIONS (continued)

2.2.4 All facilities provided under this tariff are directly controlled by the Company and the Customer may not transfer or assign the use of service or facilities, except with the express written consent of the Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.

2.2.5 All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions for service.

2.2.6 The Company reserves the right to refuse service to Customers and/or end users due to insufficient billing information, invalid telephone numbers, credit card or calling card numbers, and/or refusal of called party to accept billing.

2.3 TERMS AND CONDITIONS

2.3.1 Service is provided and billed on the basis of a minimum period of at least one month, beginning on the date that billing becomes effective, and continues to be provided until cancelled, by the Customer, in writing, upon 30 day's written notice.

2.3.2 Service is offered on a monthly basis, twenty-four hours per day, seven days per week.

2.3.3 For the purpose of computing charges in this tariff, a month is considered to have 30 days.

2.3.4 The name(s) of the Customer(s) desiring to subscribe to the service must be stipulated in the application for service.

**SECTION 2 - RULES AND REGULATIONS (continued)**

2.5 CANCELLATION OF SERVICE BY A CUSTOMER

2.5.1 If a Customer cancels an order for service before the service begins, before completion of the minimum period, or before completion of some other period mutually agreed upon by the Customer and the Company, a charge will be levied upon the Customer for the non-recoverable portions of expenditures or liabilities incurred expressly on behalf of the Customer by the Company and not fully reimbursed by installation and monthly charges. If, based on an order by a Customer, any construction has either begun or been completed, but no services provided, the non-recoverable cost of such construction shall be borne by the Customer.

2.5.2 If a order or installation is delayed for more than 30 days beyond the due date, and such delay is not requested or caused by the Customer, the Customer may cancel the order without incurring cancellation charges.

2.6 USE OF SERVICE

2.6.1 Service furnished by the Company may be arranged for the use of hotel/motel guests or hospital patients and staff. Payment for the Company's service in such instances is the ultimate responsibility of the end user or called party. Except as otherwise indicated herein, payment arrangements are mutually agreed upon by the Company and the end user prior to the completion of a telephone call. Payment options are set forth in Section 2.7 of this tariff.

2.7 PAYMENT ARRANGEMENTS

2.7.1 The Customer or end-user is responsible for payment of all charges for services furnished by the Company. Charges for installation, physical or administrative changes, expedites, or for cancellation of order are payable by the Customer upon completion. If, because of any such activity a non-Company company or supplier levies additional charges, these charges shall be passed on to the Customer.

**SECTION 2 - RULES AND REGULATIONS (continued)**

**2.8 INSPECTION**

2.8.1 The Company, or its authorized agents, may, upon reasonable notice, make such tests and inspections as may be necessary to determine that the requirements of this tariff are being complied with the installation, operational, or maintenance specifications of the Customer or Company equipment. The Company may interrupt the service at any time, without penalty to the Company, because of departure from any of these requirements.

**2.9 TESTING AND ADJUSTING**

2.9.1 Upon reasonable notice, the facilities and/or services provided by the Company shall be made available to the Company for such tests and adjustments as may be necessary to maintain them in satisfactory condition: no interruption allowance will be granted for the time during which such tests and adjustments are made.

**2.10 INTERCONNECTION WITH OTHER COMPANIES**

2.10.1 Service furnished by the Company may be connected with services or facilities of another participating company. Such interconnection may be made at the Company's Terminal or Entrance Site, at a terminal of another participating company, or at the premises of a Customer, joint user, or authorized user. Service furnished by the Company is not part of a joint undertaking with such other companies.

2.10.2 Any special interface equipment or facilities necessary to achieve compatibility between the facilities of the Company and other participating companies shall be provided at the Customer's expenses. Upon Customer request and acting as his authorized agent, the Company will attempt to make the necessary arrangements for such interconnection.

2.10.3 Service furnished by the Company may be connected with the facilities or services of other participating companies under the terms and conditions of the other participating companies' tariffs applicable to such connections.

2.11 OPERATOR SERVICE REQUIREMENTS

2.11.1 Company provided intrastate operator assisted communications services will observe the following requirements:

1. Identify itself at the time the end-user accesses its services;
2. Upon request, quote all rates and charges for its services to the end-user accessing its system;
3. Arrange to have posted in plan view at each telephone location that automatically accesses the Company's operator service network and where its services are made available to the public or transient end-users:
  - (a) The Company's operator service name and address;
  - (b) Bill and service dispute calling information including the operator service provider's dispute resolution phone number;
  - (c) Clear and specific instructions informing the end-user how to access a local exchange telephone company operator as an alternative available to the end-user; and
  - (d) Notice concerning any and all amounts to be billed by the Company's operator services on behalf of any host location or third party which will appear on the operator service provider's bill for services rendered.

2.11 Operator Service Requirements (continued)

2.11.1 (continued)

4. In instances when the Company is unable to complete the call and it requires transfer to another telephone corporation which may affect the rates and charges applicable to the telephone bill, inform the caller of the transfer and its possible effect on the applicable rates and charges, before any charges are incurred; and
5. In the case of such transfer, the telephone corporation or provider to which the call is transferred shall identify itself and inform the caller of the transfer's effect on the applicable rates and charges, before any charges are incurred.

2.11.2 The Company will comply with the following provisions:

Providers of intrastate operator assisted communications services shall not take any action or enter into any arrangement which restricts end-user selection among competing interexchange telephone corporations or end users access to competing providers of intrastate operator assisted communications services, or pay any commissions or other compensation to any entity engaged in such action or arrangement.

2.12 DEPOSITS

The Company does not require a deposit from the Customer.

2.13 ADVANCE PAYMENTS

For Customers whom the Company feels an advance payment is necessary, the Company reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. This will be applied against the next month's charges and, if necessary, a new advance payment will be collected for the next month.

2.14 TAXES

All state and local taxes (i.e. gross receipt tax, sales tax, municipal utilities tax) are listed on Customer bills as separate line items and are not included in the quoted rates.

2.15 BILLING ARRANGEMENTS

2.15.1 Collect, Calling Card and Charge Third Party Calls

Charges for calls of this type will be included on the end user's or called or third party's regular home or business telephone bill pursuant to billing and collection agreements established by the Company or its intermediary with the applicable telephone company.

2.15.2 Credit Card Calls

Charges for credit card calls will be included on the end user's regular monthly statement from the card issuing company.

2.15.3 Adjustments

Any objection to billed charges should be promptly reported to the Company. Adjustments to Customer's or end user's bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate.

2.16 INTERRUPTION OF SERVICE

2.16.1 Credit allowance for the interruption of service which is not due to the Company's testing or adjusting, negligence of the Customer, or due to the failure of channels or equipment provided by the Customer, are subject to the general liability provisions set forth in Subsection 2.3.1. It shall be the Customer's obligation to notify the Company immediately of any service interruption for which a credit allowance is desired. Before giving such notice, the Customer shall ascertain that the trouble is not being caused by any action or omission by the Customer within his control, or equipment, if any, furnished by the Customer and connected to the Company's facilities. No refund or credit will be made for the time that the Company stands ready to repair the service and the subscriber does not provide access to the Company for such restoration work.

2.16.2 No credit shall be allowed for an interruption of a continuous duration of less than twenty-four hours after the subscriber notifies the Company.

2.16.3 The Customer shall be credited for an interruption of more than twenty-four hours as follows:

**SECTION 2 - RULES AND REGULATIONS (continued)**

**2.17 DISCONNECTION OF SERVICE BY THE COMPANY**

The Company, upon 5 working days written notice to the Customer, may discontinue service or cancel an application for service without incurring any liability for any of the following reasons:

- 2.17.1 Non-payment of any sum due to the Company for regulated service for more than thirty days beyond the date of rendition of the bill for such service.
- 2.17.1 A violation of any regulation governing the service under this tariff.
- 2.17.2 A violation of any law, rule, or regulation of any government authority having jurisdiction over such service.
- 2.17.4 The Company has given the Customer notice and has allowed a reasonable time to comply with any rule, or remedy, and deficiency as stated in Rule 25-4.113, F.A.C., Refusal or Discontinuance of Service by Company.
- 2.17.5 Service may be disconnected without notice for tampering with Company equipment, for interfering with the service to other Customers, for fraud, or in the event of a hazardous condition.

**2.18 SERVICE QUALITY CRITERIA**

**2.18.1 Installation of Equipment for New or Existing Customers**

The Company will provide a blank Application for Service form to the Customer immediately after receiving a signed Company Service Agreement from the Customer.

Access Coordination will begin within 10 business days after the Customer has returned the completed Application for Service form to the Company. The Company will provide assistance, as needed, to the Customer in filling out the Application for Service form.

**SECTION 2 - RULES AND REGULATIONS (continued)**

2.18.1 Installation of Equipment for New or Existing Customers (continued)

Installation of Company equipment on the Customer premises will begin within 5 days after all pre-installation items on the Application for Service form have been completed. The Company has no control over the lead time required for any non-Company vendors but will make every effort to expedite the completion of any non-Company activities.

Barring unforeseen circumstances, the installation of Company equipment will be completed within 2 business days after Company technicians begin the installation process of Company equipment on the Customer premises.

2.18.2 Repair of Equipment for Existing Equipment

A Company technician will be on-site within 24 hours after receiving a trouble complaint from a designated Customer representative.

2.18.3 Company Operator Services Call Completion Ratio

An Operator Services call completion ratio of 99% is guaranteed through the Company equipment. The Company, however, has no control over the reliability of the non-Company telephone lines to which the Company equipment connects. The Company equipment monitors the reliability of non-Company telephone lines on a daily basis and the Company will expeditiously report trouble to the vendor that provides those lines.

2.19 EMERGENCY SERVICES

Calls to emergency service agencies (police, fire, ambulance etc) will be completed at no charge. Access to 911 service will be maintained during temporary disconnections for non-payment of a residential subscriber's local service.

**SECTION 3 – SERVICE DESCRIPTION**

3.1 TIMING OF CALLS

3.1.1 When Billing Charges Begin and End For Phone Calls

Billing for Operator Services calls is based on a per call surcharge and on the duration of the call. Timing of each call duration begins as specified below and ends when the calling or called party hangs up.

3.1.1.1 Collect Calls - Timing begins when the called party accepts the responsibility for payment.

3.1.1.2 All Other Calls - Timing begins when the Company equipment determines the call has been answered. When the called party picks up is determined by either hardware answer supervision in which the local telephone company sends a signal to the switch or by software utilizing audio tone detection.

Software answer supervision is employed for Customer facilities, which lack answer supervision signaling from the provider of dial tone to the Company equipment. When software answer supervision is employed, chargeable time begins sixty (60) seconds from the intervention of the automated equipment.

3.1.2 Billing Increments

The minimum call duration for billing purposes is 1 minute for a connected call and calls beyond 1 minute are billed in 1 minute increments.

3.1.3 Per Call Billing Charges

Billing will be rounded up to the nearest penny for each call.

**SECTION 3 – SERVICE DESCRIPTION (continued)**

3.1 Timing of Calls (continued)

3.1.4 Uncompleted Calls

There shall be no charges for uncompleted calls.

3.2 OPERATOR SERVICES

The company's Operator Services are provided to business customers (typically hotels, motels and hospitals) and enable those customers to provide operator-assisted services for intrastate calling to their patrons, employees, guests and patients.

Operator services include the completion of collect, station-to-station, person-to-person, third party billing and credit card calls with the assistance of the Company's automated equipment. Each completed operator services call consists of two charge elements (except as otherwise indicated herein):

1. A fixed operator charge, which will be dependent on the type of billing selected (e.g., calling card, collect or other) and/or the completion restriction selected (e.g., station to station or person to person); and
2. A measured usage charge dependent only upon the duration of the call. There is no usage charge adjustment for distance and/or time of day of the call.

The Company will comply with the rate caps in sections 25-24.630 and 25-24.516, F.A.C. for nonpresubscribed Customers at aggregator locations.

**SECTION 4 – RATES**

This section sets forth the rates and charges applicable to the Company's Operator Service offering for nonpresubscribed customers at aggregator locations. The total charge for each completed operator assisted call consists of two charge elements:

1. A fixed operator service charge, which will be dependent on the type of billing selected (i.e., calling card, charge, collect or other) and/or the completion restriction selected (i.e., station-to-station or person-to-person); and
2. A measured usage charge dependent only on the duration of the call. The usage charge element is specified as a rate per minute, which applies to each minute of call duration, with a minimum charge for each call of one minute, and with fractional minutes of use thereafter counted as one full minute unless otherwise provided herein.

The rates set forth in this section are applicable to calls originating and terminating within the state. Charges may be billed to the called party or to an end user's major credit card or calling card.

**SECTION 4 – RATES (continued)**

4.4 Special Rates for the Handicapped (continued)

4.4.3 Telecommunications Relay Service

For intrastate toll calls received from the relay service, the Company will, when billing relay calls, discount relay service calls by 50 percent off of the otherwise applicable rate for a voice nonrelay call except that where either the calling or called party indicates that either party is both hearing and visually impaired, the call shall be discounted 60 percent off of the otherwise applicable rate for a voice nonrelay call. The above discounts apply only to time-sensitive elements of a charge for the call and shall not apply to per call charges such as a credit card surcharge.

## Financial Capabilities

As requested in the Financial Capability section in the Interexchange Telecommunications Service application form, please find enclosed a financial statement prepared by our CPA on March 28, 2001 for Telsys, Inc. This represents the latest financial information that is currently available and reflects our start-up status.

As indicated, Telsys, Inc. is a relatively new start-up company. The owner has sufficient financial capability to provide and maintain the requested Operator Services Provider service. There are no lease and minor ownership obligations associated with the provision of the Operator Services Provider capability at a customer location. All equipment required to remotely poll and bill customers for 0+ telephone calls is presently in place and fully paid for. The owner will continue to invest whatever resources are needed to fund the company and will provide any information on personal assets that is needed.

We have compiled the accompanying statement of assets, liabilities, and equity – cash basis of Telsys, Inc., as of December 31, 1999 and the related statements of revenue, expenses, and retained earnings – cash basis for the year then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The financial statements have been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

Management has elected to omit substantially all of the disclosures required by generally accepted accounting principles. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Company's financial position, results of operations, and cash flow. Accordingly, these financial statements are not designed for those who are not informed about such matters.
