Enclosed is a filing package that provides rate increases for flat rate residential service. The annual revenue effect of this filing will be an increase of \$25,838.40.

DOCUMENT NUMBER-DATE

07747 JUN 21 0

FPSC-RECORDS/REPORTING

Quincy Telephone Company  
Basic Local Rate Increase  
May 24, 2001  
Page 2

Included below is the GDPPI Calculation for this filing:

$\{(1^{\text{st}} \text{ Quarter } 2001 - 1^{\text{st}} \text{ Quarter } 2000) / 1^{\text{st}} \text{ Quarter } 2000\} - 1 = \text{rate increase}$

$\{(110.1 - 107.1) / 107.1 - 1\% = 1.8011\%$

Quincy's local rate  $\$12.70 \times 1.8011\% = .2287$

I have also enclosed red-lined tariff sheets and Revenue projections for your records. The proposed effective date for this tariff is June 25, 2001.

If you have any questions, please call me at (608) 664-4169.

Sincerely,

Rachelle A. Drone  
Administrator - Tariffs

BASIC LOCAL EXCHANGE SERVICE

B. COMPANY WIDE RATE GROUPS (cont'd)

(D)

4. Regrouping Procedures

Whenever the number of access lines and PBX trunks in the local calling area of an exchange increases or decreases to the extent that such exchange would fall into a different rate group, a revised tariff sheet shall be filed for authority to reclassify the exchange to its appropriate group. The excess or deficit will be considered to have been established for reclassification purposes when:

- a. The rate group in which an exchange falls shall be determined by the peak number of access lines in the exchange's local calling area since the effective date of the preceding directory.

(D)

C. MONTHLY EXCHANGE RATES

- 1. The rates specified herein entitle subscribers to an unlimited number of messages to all stations bearing the designation of central offices within the serving exchange and additional exchanges or portions of exchanges as shown in B.2 preceding.

2. Residence and Business Main Service Rates

(D)

a. Residence Main Flat-Rate Service

Group 1

Individual Line

\$ 12.70
