RECEIVED-FPSC

USA Global Link, Inc. qualified to do business and received necessary licenses and certifications in your state some time ago in preparation for marketing new domestic services within the United States to supplement its existing international business. That marketing initiative was never undertaken. Therefore, the company never had any employees, offices or assets within your state, and never conducted business there.

The company is now out of business. It has closed and sold its headquarters office which was its mailing address, and only a couple of employees remain to conclude the process of closing.

Accordingly, please consider this as official notice of the withdrawal of USA Global Link, Inc. from your state of its qualification and all licenses and certifications, discontinue all mailings to USA Global Link, Inc., and indicate in your records that this business is no longer in existence.
