In re: Docket Number 000824-EI

Dear Ms. Bayo:

Enclosed for filing is the original and 15 copies of the substitute page 4 of Duke's Petition to Intervene in the above-referenced docket. Please substitute this corrected page in all copies.

Please acknowledge receipt of the above by date stamping the copy for return to my office.

Thank you for your assistance.

Sincerely,

Diane K. Kiesling

FPSC RECORDS/REPORTING

However, following the Public Service Commission's (PSC) decision to initiate separate, formal prudence investigations of the Joint Applicants' participation in GridFlorida, the Joint Applicants suspended all development activities stating that the resolution of the complex issues raised by the PSC creates uncertainty and is critical to the continued viability of GridFlorida. Joint Applicants' Notice of May 17, 2001, posted on the GridFlorida website. <gridflorida@frcc.com>. The PSC's prudency review immediately and directly impacts DENA because decisions made in this proceeding (1) have already caused the suspension of GridFlorida activities, and (2) will address transmission facilities, transmission system governance, transmission system functioning and transmission facility access. These issues are of crucial importance to DENA's development activities and DENA should be granted standing to participate in the RTO-related issues in this proceeding.

C. DENA's interest is of the type that this proceeding is designed to protect. Agrico, supra. In Phase I of this docket, numerous policy, factual and possibly jurisdictional issues are likely to be the subject of inquiry. For example, during the May 29, 2001 Agenda Conference, the Commission's stated intent with respect to this docket was, in part, to assist the Governor's Energy Commission and the Florida Legislature in answering questions related to net benefits and costs of the creation of an RTO. May 29 Agenda Conf. transcripts at 28 and 67. Because they relate directly to the legal impediments to the creation of a competitive wholesale market in Florida, DENA has a substantial interest in addressing the policy questions that will be before the PSC and which will ultimately be considered by the Governor's Energy Commission and the Florida Legislature.
