The way it is shown in MCD is how the company is certificated with us, and how they presented their name in their cert application. If there is a discrepancy, we have to go with MCD information unless there is valid documentation to correct MCD.

We'll correct the docket title to reflect the correct cert. number based on your e-mail.

Thanks also for the heads-up on the agenda change. Will this be a verbal correction at agenda?

Dr. Bane, Staff is requesting a change be made to this agenda item. The IXC Certificate to be cancelled is 5312 not 4312 and we are requesting this change so we do not inadvertently cancel the wrong certificate.

Kay, The docket title needs to be changed also. I have another question as well. I checked MCD because the documents from the attorney refer to the company as OmniCall, Inc. and the docket title and MCD list the company as Omnicall, Inc.

I don't like to put all of this in motion and run, but I am going to be out of the office until July 10. I noticed this problem and wanted to bring it to your attention.
