Dear Ms. Bayo:

Please allow this letter to serve as a formal proposal to settle the above referenced Docket No. with the Florida Public Service Commission. Our organization experienced rapid growth over the past year, and it appears as though the proper infrastructure had not been in place to support that growth. Over the past six months, several steps have been taken to ensure that proper staffing levels would be maintained within the company. I feel confident in assuring you that a delinquency on our part will surely be avoided in the future.

Our company agrees to waive any objection to the administrative cancellation of the certificate should we fail to pay in accordance with our settlement offer, unless there is a factual dispute as to the manner or level of compliance with any provision in the settlement. In that case, we would expect the Commission staff to bring the matter to the Commission for consideration.

We would like to propose a monetary settlement in the amount of \$130.00 to resolve the above referenced Docket No. We believe that \$130.00 is a reasonable sum, given it is two times the amount recently paid to the State for RAF charges and penalties.

Should your organization have any additional concerns pertaining to the above, please do not hesitate to contact me at 800-656-2937 ext. 101. We look forward to continuing our business relationship with Florida.

Sincerely,

Brent Mayes
President
