Re: Staff Assisted Rate Case for Burkim Enterprises, Inc. In Brevard County, Docket No. 010396-WS

Mr. Burge:

On July 24, 2001, the Commission voted on staff's recommendation for interim rates dated July 12, 2001. An order approving staff's recommendation is scheduled to be issued on August 13, 2001. Once the order is issued, the interim rates approved by this Commission will become final, however, the utility must submit revised tariff pages and provide staff with proof of security for approval before the utility can implement the interim rates.

To expedite the tariff revision process, the utility should file all revised tariff pages and proof of security by August 13, 2001, to allow staff sufficient time to verify the accuracy of the revised pages. Enclosed is an example of revised tariffs for this utility. Although staff has prepared revised tariffs for this utility, it is the utility's responsibility to make sure all tariffs submitted to the Commission are complete and accurate.

A copy of the customer notice informing the utility's customers of the Commission's approved increase must also be submitted for staff's review and approval. After staff approves this notice, it must be mailed to customers of receipt prior to consumption at the increased rates. This notice shall show the effective date of the tariffs. Staff has also included an example of a Commission approved customer notice.
