Thanks, Rick.

Cheryl and Sally, I have received "directives" on Documents 04596, 09698, 10830, and 16144. That leaves these two:

15237-00 - BellSouth's response to staff's request for additional information including specific number utilization info for NXXs assigned in 904 area code

16053-00 - Sprint's filing of Local Telephone Companies Local Number Portability Chart A, filed 1/22/99 (pgs. 1-19); Sprint Local Telephone Companies Local Number Portability, Chart A, filed 3/8/99 (pgs. 1-24); and unredacted Response No. 6 to Data/Info Request.

Do you have any info on either of these?

Kay
