Dear Director,

This letter is in reference to a notice of application for an extension of wastewater service area filed by North Fort Myers Utility, Inc. Our area desperately needs sewers due to low lying areas and water retention on our property. I will take whatever steps needed in order to assist in this project. Septic systems and drain fields do not function properly in our rainy season.

Thank you in advance for any assistance you can give the citizens of North Fort Myers with their wastewater problems.

Sincerely,

Kimberly Murray
