Yes, 960847 should also be closed. Mary is sending you a copy of the order (497cv300). I think these were joint arbitrations with separate appeals. Hope that straightens it out.

Subject: Dockets 960847-TP - AT&T Communications of the Southern States, Inc/GTE Florida Incorporated - Arbitration

The docket referenced above (as well as **960980-TP**) was placed in LITIGATION status on 3/31/98 based on the following memo from LEG/Cox:

Document No. 03733-98: LEG/Cox 3/31/98 memo to RAR advising Order PSC-97-0585-FOF-TP is subject to review by U.S. District Court for Northern District of Florida (Case Nos. 497 CV 300 RH and 497 CV 211 WS); therefore, dockets 960847-TP and **960980-TP** should be reopened and placed in litigation status. Reopened by XCM.

I am attempting to reconcile the cases in litigation status in CMS with the Status of Appeals report. CMS reflects Docket 960847-TP as being in litigation but I can't find reference to it on the Status of Appeals report dated July 19, 2001. Would you please check on this case and let me know if it needs to remain in litigation, if it can be restored to active status, or if it can be closed based on an order of the court (that we may have failed to receive or overlooked)?

(By chance, should this docket (960847-TP) have been addressed in the memo I received this morning regarding disposition of the appeal in **Dockets 961230-TP** and **960980-TP** since Document 03733-98 addressed **960980-TP** as well as 960847-TP, or are these two completely different appeals)?

Thanks for your help!

*Pursuant to above e-mails & receipt of
court's order (document no. 10325-01), Docket
No. 960847-TP is closed.*
