Re: Docket No. 010821-EQ

Dear Bob:

FPL has reviewed the Request for Amendatory Order and Petition on Proposed Agency Action Regarding Proposed Order Approving Third Amendment to Power Purchase Agreement, which Indiantown Cogeneration, L.P. filed in this docket yesterday (the "ICLP Petition"). I am writing to confirm that FPL does not object to substituting the following language, which appears on page 5 of the ICLP Petition, for the second and third bullet points on page 3 of the Commission's Order No. PSC-01-1614-PAA-EQ:

Following a separation of the ICL facility, FPL may not want ICL to reclose for economic reasons. On these occasions, ICL may still reclose and deliver up to 100 MW (and more when ICL performs a capacity test) to FPL during a "reclose period."

For any hour during a reclose period which is designated a "Reclose Period Hour" that does not exceed the number of hours in the "Accumulated Reclose Hours Account" under the Third Amendment, energy delivered up to 100 MW shall be compensated at "As-Available Energy Costs" in accordance with Section 8.1.2 of the Third Amendment. In general, energy delivered during hours that are Reclose Period Hours but which exceed the number of hours in the "Accumulated Reclose Hours Account" shall be compensated at the Unit Energy Payment Cost specified in the Power Purchase Agreement, subject to certain exceptions specified in Section 8.1 of the Third Amendment. The total number of Reclose Period Hours available in the "Accumulated Reclose Hours Account" during a year will be a minimum of 360 hours and a maximum of 1440 hours.
