**NOTICE OF PUBLIC SERVICE COMMISSION APPROVAL OF
WATER SERVICE TARIFF CHANGE**

Notice is hereby given that on May 15, 2001, in Docket 001219-WU, the Florida Public Service Commission approved Buccaneer Water Company's Petition to Approve Service Tariff and for Variance from Rule 25-30.320(2). This water tariff change was requested by Buccaneer Water Company in order to be consistent with and effectuate the terms of the settlement agreement reached by the parties in PSC Docket No.981781-SU, which concerned the application of North Fort Myers Utility, Inc. for amendment of its wastewater certificate to extend its service area to include Buccaneer Estates Mobile Home Park. The water tariff change gives Buccaneer Water Company the authority to discontinue water service to any customer within Buccaneer Estates Mobile Home Park who fails to pay when due said customer's pro rata share of the Buccaneer Estates Mobile Home Park monthly wastewater services billing, as it appears on said customer's monthly rent statement. A customer shall not be considered delinquent in paying said wastewater billing until the twenty-first day after the billing has been mailed or presented to the customer for payment. Water service may be discontinued due to delinquency in payment of a customer's wastewater billing only after the customer has been given at least 5 business days' written notice. Such notice shall be separate and apart from any bill for water service. Water service shall be restored only after all past due wastewater billings have been paid by the customer to the park owner or its designee, and Buccaneer Water Company has received payment for all reconnect charges.
