In re: Petition for review of proposed numbering plan relief for the 407/321 area codes by Neustar, Inc., as North American Numbering Plan Administration (NANPA), on behalf of Florida telecommunications industry.

DOCKET NO. 010743-TL  
ORDER NO. PSC-01-1874-PCO-TL  
ISSUED: September 19, 2001

ORDER GRANTING INTERVENTION

BY THE COMMISSION:

By Petition, Verizon Wireless (Verizon) has requested permission to intervene in this proceeding. Verizon Wireless is a commercial mobile radio services provider authorized by the Federal Communications Commission (FCC) to provide wireless telecommunications services in the State of Florida. Verizon Wireless holds a substantial number of NXX codes in the State of Florida and provides facilities-based wireless services in every numbering plan area (NPA) in Florida, including the 407/321 NPAs.

As a provider of wireless communications services and a holder of a substantial number of NXX codes in Florida, including NXX codes in the NPAs at issue in this proceeding, Verizon argues that its substantial interests are affected by determinations the Commission will make concerning area code relief for the 407/321 NPAs.

Having reviewed the Petition, it appears that Verizon's substantial interests may be affected by this proceeding because it is a wireless provider that holds NXX codes within the 407/321 area codes. Therefore, the Petition shall be granted. Pursuant to Rule 25-22.039, Florida Administrative Code, Verizon takes the case as it finds it.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the Petition for Leave to Intervene filed by Verizon Wireless, be and the same is hereby granted. It is further
