3. DESCRIPTION OF SERVICE (continued)

3.4 Service Offerings (continued)

3.4.10 Teleconference Service

Zone Telecom, Inc. Teleconference Service provides communications between two or more stations connected to an audio bridge with the assistance of a teleconference operator.

Charges accrued by using teleconference service are billed to the telephone number of the originator of the conference call or billed to another number, if it is acceptable to that party.

Chargeable time of a conference call begins when all participants are connected and ends for each individual station when that station disconnects.

Chargeable time for ports joining the conference call already in progress begins when they are connected by a teleconference operator.

3.4.11 Prepaid Long Distance Service

Zone Telecom, Inc. prepaid long distance service is an optional 1+/011+ direct dial long distance service wherein Customers submit payments in advance.

3.4.12 Zone CMS Service (T)

Zone CMS provides switched and dedicated access and includes such features as switched outbound "One Plus" long distance telecommunications services, dedicated outbound calling, inbound toll-free switched and dedicated calling, calling card calling and directory assistance services within areas serviced by Bell South and Sprint. Customers choosing this service are given a choice of underlying carriers. (T)
