OK, thanks for responding. I'll use this e-mail as a directive to return confidential DNs 02940-00 and 03798-00 to BellSouth.

I see no reason why these items can not be returned

Subject: Docket 991854-TP - Confidential DN 02940-00

On 10/10/01 CCA rec'd. at letter from nancy White requesting confidential DN 02940-00 (which they mis-stated as 02944-00) be returned to them.

An Order was issued on 4/4/00 & gave a retention date of 10/4/01, with the document being returned to the general public file.

This action has not been done yet, because a report is done at the end of the month to determine actions such as this.

Anyway, instead of the document being placed back in the general file, can CCA instead return confidential DN 02940-00 back to BellSouth ????

Also, not mentioned is an x-ref. document 03798-00. What about this confidential document as well ???
