Tallahassee, FL 32399-2100

Re: PSC Docket No. 010941-WS; Application by Kings Point Utility, Inc. for a water and wastewater certificate for a utility in existence in Osceola County.

Dear Mr. Eubanks:

The certificate application which was sent to your office for review on September 4, 2001, is no longer necessary. The system is being sold to the City of Kissimmee and the closing was to occur either October 31st or November 1st.

Brenda Willingham in your office has been conducting a review of the filing. Since this is no longer necessary, the documents can be discarded. No input will be needed from the Department of Community Affairs.

Thank you for your continual support in reviewing the Commission's certification applications for consistency with local comprehensive plans.

Sincerely,

Billie B. Messer, Supervisor
Bureau of Certification
