VOTE SHEET

RE: Docket No. 992015-WU - Application for limited proceeding to recover costs of water system improvements in Marion County by Sunshine Utilities of Central Florida, Inc.

ISSUE 1: Should the Commission approve Sunshine's requested limited proceeding to increase its rates for all customers to interconnect five of its water systems?

RECOMMENDATION: No. The utility's proposal to interconnect five separate water supply and treatment systems to eliminate contamination problems and to meet development demands is not prudent or justified, and it should therefore be denied.

DENIED

Staff is to bring back a recommendation on options for allocation of costs, other avenues for funding, and possible certificate amendment.
