COMMISSION CLERK

Re: Docket # 011532-TX

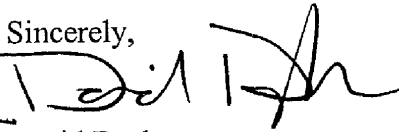

Dear Ms. Bayo:

This letter will serve as Strategic Technologies, Inc.'s offer to turn in its certificate which has been used in the past so that STI could provide certain CLEC services. STI offers its certificate in lieu of any fine proposed or recommended by the staff assigned to this Issue.

STI apologizes for its tardy reply to the Commission's requests. However, as you will notice from STI's response, our company is no longer involved in the telephony business and has not been for some time. Thus, the answers to many of the questions were answered as "N/A". It seems unfortunate that a company who has such little bearing on your report could be fined or be forced to give up its certificate. Though STI does not plan a return to the telephony business anytime soon, it is regrettable that our certificate must be surrendered, as the world of business is always changing and it may become a necessity.

STI hopes that its relationship with the PSC can be salvaged. We apologize for our late response to your survey. If there is anything further that STI can provide to you on this matter please do not hesitate to let me know. Additionally, if you could send us a confirmation that our request has been accepted, we would appreciate it. Thank you for your continued service to the corporations of Florida and the public.

Sincerely,

David Drykerman
Business Development Manager
