Referencing Docket No. 011493-TX-Net One International, Inc, please be advised that Net One International's failure to comply with the State of Florida Public Service Commission, Year 2001 Local Competition Report Data Request of July 6, 2001, was due to a clerical error in routing this survey to the proper individual for handling.

We have taken additional measures within the organization to ensure that future correspondence from the Florida PSC will be processed in an accurate and timely manner.

Net On International desires to retain its certification in the state of Florida and proposes a settlement offer of \$3500.00. It is our understanding that acceptance of the settlement offer by the Florida PSC will ensure continued state certification.

Your positive consideration of our explanation of failure to comply, corrective measures taken and settlement offer is appreciated
