Kay

The name of the company that the system will be transferred to is Tropical Isles Utilities Corporation, a Florida not for profit corporation. This company will not be a certificated company. After the transfer, the system will exempt.

Richard, I got Pat's "out of office" email. Can you respond to my question below?

Thanks.

Pat, we recently updated this docket title per your memo, to show FWSC's Cert 482-S is being canceled. We need to include the name of the entity to whom the facilities are being transferred in the docket title, however. (I don't believe that was included when the docket was established--by us.) What is that name? Is it a certificated company? Is this by any chance a transfer to governmental entity?

Kay
