This is to respond to the notice contained in Docket No. 011536-TX. The docket stemmed for a questionnaire that was sent to Tallahassee Telephone Exchange (TTE). TTE gave the questionnaire to the office manager for completion and submission to the PSC. The recent notice that TTE received for an apparent violation of Section 364.183(1), F.S. is the first notice that TTE received that this information had not been sent to the PSC. Due to the lapse in time TTE has not been able to find the questionnaire, or whether or not a response had been prepared.

TTE was unaware that not responding to this document was violation of the PSC's rules. Had TTE been aware of that requirement, it would have been diligent in following up and insuring that a complete and timely response to the questionnaire was made. TTE wishes to comply with all rules and regulations, and will make sure that such incidents do not take place in the future.

TTE would like to propose that the PSC accept a civil penalty in the amount of \$100 as this is a first time violation.

Sincerely,

Eric Larsen, President  
Tallahassee Telephone Exchange, Inc.
