I though my memo captured all the conf. filing, obviously I made an error. All confidential documents can be returned. Do I need to do another memo?

Hi Laura.

I processed your memo dated 1/30/02 concerning the return of confidential DNs.

However, there are some outstanding confidential DNs in this closed case. These outstanding DNs are noted in the CMS remarks of the DNs that were returned, but you did not list them on the memo, so i didn't send them back, they are:

14840-00
14842-00
15438-00
15457-00
15905-00

???? thanks.
