Re: Deposition of James A. Rothschild
Docket 000824-EI

Dear Bob:

Two late filed deposition exhibits were identified during the deposition of James A. Rothschild taken on Friday, February 1, 2002. Late filed exhibit 1 concerned the date of information used in Mr. Rothschild's schedule JAR-10. Mr. Rothschild checked his workpapers and did not find a supporting page. However, he has updated schedule JAR-10 to be consistent with the dates used for other data in his testimony. The update to schedule JAR-10 also necessitated an update to schedule 2, which is a summary schedule. The two updates, along with the supporting interest rate data for the update, are contained in the attached late filed exhibit 1.

The attached late filed deposition exhibit 2 contains pages three through six to schedule JAR-10.

Finally, although not identified as a late filed exhibit, there was a request for workpapers supporting Mr. Rothschild's adjustment for changes in the cost of equity proportional to changes in the level of common equity in the capital structure. Those workpapers are also enclosed.
