RE: Request by Little Sumter Utility Company to Release Funds from Escrow Account

By Order No. PSC-96-1132-FOF-WS, issued in Docket 960305-WS on September 10, 1996, the Commission directed Little Sumter Utility Company to establish an escrow account that can only be used to fund conservation programs approved by the Southwest Florida Water Management District. The order required that a request to release funds from the escrow account be accompanied by an explanation of the specific use of the funds and documentation that the funds will be used to further a conservation program approved by the water management district.

On February 18, 2002, the utility filed the attached Request to Release Funds from Escrow. According to the Request, the utility expended \$248.50 on a newspaper advertising program targeted at reducing water consumption. Along with this request, the utility provided a copy of the newspaper advertisement, an invoice and the Proof of Publication from The Daily Sun Newspaper. The advertisement have been approved by the Southwest Florida Water Management District. The original attachments are being retained in the Division of Economic Regulation for our future reference.

Accordingly, the utility's request to release funds from the escrow account should be authorized. Pursuant to the escrow account, the bank will disburse funds to the utility upon written instructions from the Commission through the Director of the Division of the Commission Clerk and Administrative Services. Therefore, we request that you provide written instructions to Citizens First Bank to release \$248.50 from the escrow account to Little Sumter Utility Company.
