Re: Docket No. 011073-WS, Application for Increase in Water and Wastewater Rates in Broward County by Ferncrest Utilities, Inc.

Dear Mr. Erwin:

Staff has reviewed the utility's revised minimum filing requirements (MFRs) submitted on February 14, 2002, on behalf of the above-mentioned utility. Based on our analysis, we believe that the MFRs are still deficient. The specific deficiencies are identified below:

A. RELATED PARTY COST ALLOCATIONS

Rule 25-30.436(4)(h), Florida Administrative Code, states, in part, any system that has costs allocated or charged to it from a parent, affiliate or related party, in addition to those costs reported on Schedule B-12, shall file three copies of the additional information described in Rule 25-30.436(4)(h), FAC. Based on our review of the utility's 2000 annual report and Florida Department of State Corporations Online, Ferncrest has related party transactions. Thus all information described in the above rule is required. The utility should submit this information in order to provide sufficient detail of its related party costs. If any parts or sub-parts are not applicable, please provide a statement stating such.

Your petition will not be deemed filed until we have received the required information mentioned above. These corrections should be submitted no later that March 6, 2002.
