DOCKET NO. _____
FILING: March 1, 2002

PETITION

Tampa Electric Company ("Tampa Electric" or "the company"), pursuant to Chapter 366.06, Florida Statutes, Rules 28-106.201 and 25-9.030, Florida Administrative Code files this its Petition for Approval of Revised Lighting Tariffs, and in support thereof states:

1. Tampa Electric is an investor-owned electric utility operating under the jurisdiction of this Commission and serving retail customers in Hillsborough and portions of Polk, Pinellas and Pasco Counties. The company's principal offices are located at 702 North Franklin Street, Tampa, Florida 33602.

2. The persons to whom all notices and other documents should be sent in connection with this docket are:

Mr. Lee L. Willis
Mr. James D. Beasley
Ausley & McMullen
Post Office Box 391
Tallahassee, Florida 32302

Ms. Angela Llewellyn
Administrator,
Regulatory Coordination
Tampa Electric Company
Post Office Box 111
Tampa, Florida 33601

3. In this petition, Tampa Electric seeks approval for certain Revised Tariff Sheets listed in Exhibit "A". The requested amendments are attached hereto in standard and legislative format as Composite Exhibit "B".

Proposed New Service

4. The tariff sheet revisions include a new proposed rate for Premium Outdoor Lighting Service (OL-3) and miscellaneous pole description clarifications and

typographical corrections under the High Pressure Sodium Street Lighting Service (Schedule SL-2) and High Pressure Sodium General Outdoor Lighting Service (Schedule OL-1).

5. The company is proposing a new rate for a decorative 16-foot aluminum pole, offered under Schedule OL-3 (Sheet No. 6.306). This new service offering is in response to our customers' requests for a post-top pole of the Wadsworth design.

6. The proposed service rates for the new offerings are designed to take into account cost of service and other recognized ratemaking criteria.

Clarifications and Corrections to Existing Service Offerings

7. In addition to the tariff revisions for the aforementioned new service offering, Tampa Electric has updated the Schedule OL-1 (Sheet No. 6.271), to modify the description of the Standard Concrete Poles to be based on span length instead of fixture wattage size. These description modifications should eliminate confusion for customers desiring to change the size of a light while retaining the existing pole.

8. The company has also corrected typographical errors for the lumens of the 250-watt lamp under Schedule SL-2 (Sheet No. 6.262) and the 400-watt and 1000-watt lamps under Schedule OL-3 (Sheet No. 6.305).

9. These tariff modifications are for clarification and information purposes only and will not affect the pricing or service offerings.

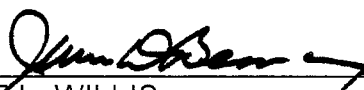

10. Tampa Electric knows of no disputed issues of material fact relative to the lighting tariff revisions proposed herein.

WHEREFORE, Tampa Electric requests that this Commission consent to the application of the Revised Tariff Sheets as set forth in Exhibit "A". The company

requests that such approval be made effective at the expiration of the appropriate notice period pertaining to tariff modifications with that notice period expiring on or before April 30, 2002.

Dated this 15th day of March, 2002.

Respectfully submitted,

LEE L. WILLIS
