BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Joint Petition for Approval of a Territorial Agreement Between Clay Electric Cooperative, Inc. and The City of Gainesville, d/b/a Gainesville Regional Utilities, in Alachua County, Florida.

Docket No.: 020203-FU

Filed: \_\_\_\_\_

**JOINT PETITION FOR APPROVAL OF TERRITORIAL AGREEMENT**

Clay Electric Cooperative, Inc., a not-for-profit corporation, ("Clay") and the City of Gainesville, Florida, a municipal corporation, d/b/a Gainesville Regional Utilities ("GRU"), entered into a Territorial Agreement dated January 28, 2002, subject to the approval of the Florida Public Service Commission ("Commission"), which agreement is herewith submitted for approval.

1. The names and addresses of the parties are:

Clay Electric Cooperative, Inc.  
Post Office Box 308  
Keystone Heights, Florida 32656-0308  
Attention: William C. Phillips  
Chief Executive Officer

Gainesville Regional Utilities  
301 SE 4th Avenue  
Gainesville, Florida 32601  
Attention: Michael L. Kurtz  
General Manager

2. Pleadings and notices in connection with this matter are to be furnished on the following counsel:

FPSC-COMMISSION CLERK

3. The Commission has jurisdiction pursuant to Florida Statutes §366.04(2)(d) to approve territorial agreements between and among rural electric cooperatives and municipal electric utilities. This petition is filed pursuant to Chapter 25-6.0439 and Chapter 25-6.0440, Florida Administrative Code.

4. Clay is an electric cooperative organized and existing under Chapter 425, Florida Statutes, and is an electric utility as defined in Chapter 366.02(2).

5. GRU is a municipal electric utility organized and existing under the laws of the State of Florida and is an electric utility as defined in Chapter 366.02(2), Florida Statutes.

6. On January 28, 2002, GRU and Clay entered into an Agreement, which is attached to this Petition as Exhibit 1, in an effort to more accurately define the parties' respective retail service territories which are contiguous in many places. The Agreement provides expressly that it is contingent upon the prior approval of the Commission. Included in the Agreement is an Exhibit "A", which is a detailed map of the geographic area where Clay and GRU have identified the "Clay/GRU Electric Service Boundary".

7. The Agreement represents an effort by the parties to minimize the costs to their respective customers by avoiding unnecessary duplication of generation, transmission or distribution facilities. Toward that end, the parties, after lengthy deliberation and consideration of the best interests of their electric consumers, have

established the territorial boundary line described in the Agreement to delineate their respective retail service territories, subject to the approval of the Commission.

8. The parties represent that approval of this Agreement will not cause a decrease in the reliability of electrical service to the existing or future ratepayers of either utility and there is reasonable likelihood that this Agreement will eliminate unnecessary duplication of facilities and will promote the Commission's stated policy of encouraging territorial agreements between and among Florida's electric utilities.

9. Attached to this Petition, as Exhibit 2, is the FDOT map showing the territorial boundary as required by Rule 25-6.0441(f) FAC.

10. Exhibit 3 to this Petition identifies customer accounts of Clay, which are to be transferred to GRU and customer accounts of GRU, which are to be transferred to Clay, if the Commission approves this Agreement. All transfers are to be completed within 3 years after the effective date of the Agreement.

11. Attached hereto as Exhibit 4 are copies of the notices from GRU and Clay to their respective customers who will be affected by Commission approval of the Agreement. Petitioners will advise the Commission regarding customer comments on the proposed transfers.

12. Petitioners believe the Agreement is in the public interest and that is should be approved.

13. The effective date of the Agreement will be the date that the Commission enters an order approving it.

WHEREFORE, Clay and GRU respectfully request that the Commission enter an order approving the Territorial Agreement entered into between the parties dated January 28, 2002.

DATED this 8<sup>th</sup> day of March, 2002.

Respectfully submitted,

John H. Haswell, Esquire  
Chandler, Lang, Haswell & Cole, P.A.

## AGREEMENT

THIS AGREEMENT, made and entered into this 31st day of January, 2002, by and between the CITY OF GAINESVILLE, FLORIDA, a municipal corporation organized and existing under the laws of the State of Florida d.b.a. Gainesville Regional Utilities (herein called "GRU") and CLAY ELECTRIC COOPERATIVE, INC., an electric cooperative existing under the laws of the State of Florida (herein called "CLAY"), collectively called the Parties;

### WITNESSETH

WHEREAS, GRU and CLAY are both authorized and empowered to provide retail electric service to persons, firms and corporations, public and private, within the State of Florida, and pursuant to such authority presently furnish electricity and power to Customers both inside and outside of the corporate limits of THE CITY OF GAINESVILLE; and

WHEREAS, the Florida Public Service Commission (FPSC) has previously recognized that any duplication of said facilities by the parties results in needless and wasteful expenditures, may create hazardous situations, and fails to provide the most economical and cost effective service to the utility consumer, these being detrimental to the public interest; and

WHEREAS, the FPSC is empowered by Section 366.04, Florida Statutes, to approve territorial agreements and resolve territorial disputes; and

WHEREAS, the Parties hereto desire to avoid duplications and possible hazards, and to that end desire to operate within delineated retail service areas; and

WHEREAS, in order to delineate said retail service areas, the Parties have agreed upon territorial boundary lines in portions of Alachua County, to define and delineate the retail service areas between the parties in Alachua County; as described herein; and

WHEREAS, the Parties agree that the terms and conditions set forth in this Agreement are in the interest of both Parties and in the public interest in avoiding the unnecessary and uneconomic duplication of electric facilities; and

WHEREAS, the Parties have agreed to recommend this Agreement in its entirety to the FPSC;

NOW, THEREFORE, in fulfillment of the purposes and desires aforesaid, and to serve the public interest, and in consideration of the mutual covenants and

agreements herein contained, which shall be construed as being interdependent, the parties do hereby agree as follows:

## ARTICLE I DEFINITIONS

Section 1.1 Clay Territorial Area – the geographic area shown on the map labeled Exhibit “A” lying outside the areas bounded by the line identified as the “Clay/GRU Electric Service Boundary”, together with all adjacent areas that do not comprise territorial areas of other electric suppliers not party to this Agreement. Exhibit “A” is attached hereto and by reference made a part hereof.

Section 1.2 GRU Territorial Area – the geographic area shown on the map labeled Exhibit “A” lying within the areas bounded by the line identified as the “Clay/GRU Electric Service Boundary”, labeled “Gainesville Regional Utilities”, and not otherwise included in the territorial areas of other electric suppliers not party to this Agreement.

Section 1.3 Territorial Area of Other Utilities – The Clay/GRU Electric Service Boundary line provided for herein intersects the respective service territories of the City of Alachua and Florida Power Corporation at points “X” and “Y” on Exhibit “A” and therefore does not close.

Section 1.4 Clay Transition Zones – those geographic areas within the Clay Territorial Area that are delineated graphically and labeled as such on Exhibit “A”. The GRU Customers and associated Service Facilities within these areas are to be transferred to Clay pursuant to the terms and conditions of this Agreement.

Section 1.5 GRU Transition Zones – those geographic areas within the GRU Territorial Area that are delineated graphically and labeled as such on Exhibit “A”. The Clay Customers and associated Service Facilities within these areas are to be transferred to GRU pursuant to the terms and conditions of this Agreement.

Section 1.6 Distribution Lines – all electric lines of either Party having a rating up to but not including 69 kV.

Section 1.7 Transmission Lines – all electric lines of either Party having a rating of 69 kV or above.

Section 1.8 Customers – Customer or Consumer of either Party.

Section 1.9 Service Facilities – shall include but not be limited to: substations, poles, wires, cables, lighting equipment, meters, transformers, capacitors, switchgear, monitoring and control devices, together with related equipment, facilities and property rights, used solely or useful solely in furnishing electricity to Customers.

Section 1.10 Replacement Cost – the cost of labor, material and overhead needed to construct like facilities at the time of transfer.

Section 1.11 Joint Use – the sharing of transmission and/or distribution facilities in areas where extension of facilities separately by the parties would create duplication of facilities and increased costs to Customers.

Section 1.12 Consulting Engineer – a person or firm registered in the State of Florida as a professional engineer with expertise in the area of electrical distribution systems and with no interests that would impede impartial consideration of disagreements between GRU or CLAY on technical matters.

## ARTICLE II AREA ALLOCATIONS AND NEW CUSTOMERS

Section 2.1 Allocations – The Clay Territorial Area, as herein defined, is hereby allocated to CLAY as its retail service area for the term of this Agreement; and the GRU Territorial Area, as herein defined, is hereby allocated to the GRU as its retail service area for the term of this Agreement. Except as otherwise specifically provided herein, neither party shall deliver retail electric service across the Clay/GRU Electric Service Boundary Line or within the territorial area of the other.

Section 2.2 New Customers – Each party shall have the right and the responsibility to provide retail electric service to all Customers within its respective Territorial Area. Neither party shall hereafter serve or offer to serve any existing or new Customer located in the territorial area of the other Party except as provided below.

Section 2.3 Transition Zone Service – Each Party shall have the right and responsibility to provide retail electric service to all new Customers within the Transition Zones assigned to that Party. However, should it be impractical or unreasonable for that Party to provide such service, service shall be provided by the other Party until such time that the Transition Zones are transferred in total to the entitled Party.

Section 2.4 Interim Service – When either Party entitled to serve a new Customer determines that such new Customer would be best served on an

interim basis by the other Party, such Party may, at its discretion, request the other Party to provide such service. The request shall be made in writing and the other Party shall, within ten (10) days, submit a written reply indicating its decision to accept or decline the request. If the request to supply Interim Service is accepted, the Party providing Interim Service shall serve the new Customer in the same manner as if it were providing service on a permanent basis. At such time as the requesting party is prepared to serve such Customer, it shall so notify the Party serving that Customer. The Customer and associated Service Facilities shall then be transferred to the requesting party under the terms and conditions of this Agreement.

ARTICLE III  
TRANSFER OF CUSTOMERS  
AND FACILITIES

Section 3.1 Transfer – When requested by GRU and within the time frame provided in Section 3.3 below, CLAY shall transfer to GRU all Customers served by it in the GRU Transitional Zones together with the associated Service Facilities. When requested by CLAY, and within such time frame, GRU shall transfer to CLAY all Customers served by it in the Clay Transitional Zones together with their associated Service Facilities. All such transfers shall be made in conformance with sound and economical engineering and operating practices.

Section 3.2 Consideration – All Customers subject to transfer hereunder, together with the Service Facilities related thereto, shall be transferred in the following manner and for the following consideration:

- a. GRU shall pay CLAY in cash the amount established in this section, whereupon CLAY shall transfer the Customer and the associated Service Facilities to GRU. CLAY shall pay GRU in cash the amount established in this section, whereupon GRU shall transfer the Customer and the associated Service Facilities to CLAY. In the event either party elects to purchase a Customer or Service Facilities under any provision of this Agreement, such party shall purchase all the Service Facilities related to such Customer, and not just a part thereof, unless otherwise agreed in writing.
- b. The amount to be paid in consideration of lost revenue for the transfer of a Customer shall be the product of (1) the Adjusted Cost per Kilowatt Hour multiplied by (2) the Kilowatt Hours used for electric service for either the immediately preceding twelve (12) month period in which the account was served at the service location, or a twelve (12) month period annualized in the event of a lesser time period. In the case of a customer who was not billed for any part of the immediately preceding twelve (12)

month period, the amount to be paid for the transfer of such Customer shall be the transferor's prevailing monthly customer service charge multiplied by twelve (12).

The Adjusted Cost per Kilowatt-Hour is calculated using the following formula:

$$X = \frac{Rg + Rc}{2}$$

Where,

X = Adjusted Cost per Kilowatt Hour

Rg = The average cost per Kilowatt Hour pursuant to GRU's residential rate effective January 1 of the year of transfer request and based upon the use of 1000 Kilowatt-hours per month excluding taxes, sales tax, public utility taxes, surcharges, gross receipts tax, and franchise fees.

Rc = The average cost per Kilowatt-Hour pursuant to CLAY's residential rate effective January 1 of the year of transfer request and based upon the use of 1000 Kilowatt-Hours per month excluding taxes, sales tax, public utility taxes, surcharges, gross receipts tax, and franchise fees.

- c. The amount to be paid for lost electric sales revenue from lighting equipment to be transferred shall be an amount equal to the product of the said Adjusted Cost per Kilowatt-Hour multiplied by the average annual kilowatt-hour usage of street light fixtures or security light fixtures of the size and capacity of those being transferred. Energy requirements for rental light fixtures shall be based on standard engineering information provided by the parties for the specific size and type of fixture being evaluated.
- d. The amount to be paid for the transfer of Service Facilities (in addition to the amount in Sections 3.2 (b) and 3.2 (c) above for Customer transfer) shall be the sum of: (1) the replacement cost of the Facilities less straight line depreciation on a thirty (30) year life basis, (2) the cost of reintegrating the distribution system of the transferring party (including the cost of constructing facilities necessary to reintegrate the transferring party's system both inside and outside the disconnected area(s) or location(s)), and (3) other direct damage, if any, suffered by the transferring party in such amounts as agreed upon by the parties.

Section 3.3 Timing of Transfers – No transfers of customers shall be made prior to formal approval of this Agreement by the Florida Public Service Commission. All transfers shall be completed within three (3) years of the effective date of this Agreement. All customers subject to transfer by a Party shall be transferred at one time. Such action will result in the acquisition of the customers and service facilities within the Transition Zones assigned to the initiating Party.

Section 3.4 Procedures on Transfer – Following the formal approval of this Agreement by the Florida Public Service Commission, as described in Section 6.1 below, the procedure to initiate a transfer shall be as follows:

- a. Each party will provide the other Party written notification of its intent to initiate the transfer of customers and associated facilities to which it is entitled. Such notification may include a request for specific information intended to facilitate the planning, design, construction, operations, and financial transactions required to complete the transfer of customers in an efficient manner with minimum customer disruption. The transferring Party will then have ninety (90) calendar days to provide a current customer list and energy consumption history, facility maps, field inventory of service facilities, identify specific requirements for distribution system integration, and an estimate of costs and payments pursuant to Section 3.2.
- b. At the end of the ninety (90) day period, the initiating Party shall have one hundred and twenty (120) calendar days to review, verify, and “true up” the information, develop plans for transfer and distribution system integration, provide an opportunity for the other Party to review and approve these plans, construct facilities as needed, finalize and provide payments pursuant to Section 3.2, and coordinate customer transfers. The actual transfer of customers and associated service facilities will normally be at the end of the 120 day count unless otherwise agreed by the Parties. However, should a dispute arise invoking the provisions of Section 7, the 120 day count may be suspended by the initiating Party in writing. The 120 day count shall be resumed by the initiating Party upon resolution of the dispute.
- c. Each party shall have access to the other party's files and records for any information necessary to plan for and to determine the amount to be paid for the transfer of Customers and Service Facilities as provided herein.
- d. In each transfer, the transferring party will make, execute, and deliver to the acquiring party a conveyance, deed or other instrument of transfer as is reasonably acceptable to the acquiring Party in order to convey to the other all right, title, and interest of the transferring party in any facilities, rights-of-way, easements, road permits, or other rights.

ARTICLE V  
POWER SUPPLY FOR RESALE, FRANCHISES,  
and RETAIL DEREGULATION

Section 5.1 Power Supply for Resale – Nothing herein shall be construed to prevent or in any way inhibit the right and authority of either Party to provide wholesale power for resale purposes.

Section 5.2 Franchises – Either party may provide electric service to retail Customers, under a Franchise Agreement, within the boundaries of any municipality.

Section 5.3 Retail Deregulation – Nothing herein shall be construed as an intention to prevent or in any way inhibit the right and authority of either Party to fully participate in retail deregulation should the State of Florida pass such legislation. The Parties recognize that this Agreement may require amendment in order to fully accommodate the provisions of such legislation.

ARTICLE VI  
PREREQUISITE APPROVALS

Section 6.1 Florida Public Service Commission – The provisions of this Agreement are subject to the regulatory authority of the Florida Public Service Commission, and appropriate approval by that body of the provisions of this Agreement shall be a prerequisite to the validity hereof. GRU and CLAY agree to promptly submit this Agreement to the FPSC and to request its interim and formal approval thereof. This Agreement shall be binding upon both parties when formal approval is received. If formal approval is not received on or before August 1, 2002, each of the parties hereto may be released from the effect thereof and any and all obligations hereunder unless agreed by the Parties.

ARTICLE VII  
RESOLUTION OF DISPUTES

Section 7.1 Resolution by a Consulting Engineer – If the parties are unable to agree on the calculation of any payment for facilities pursuant to Section 3.2, or are unable to agree as to any technical requirement of the contract, including any provision requiring conformance to sound and economical engineering and operating practices, the parties shall make every reasonable effort to agree upon and appoint a Consulting Engineer to resolve the dispute.

Section 7.2 Compensation of the Consulting Engineer – The compensation to be paid to the Consulting Engineer for services rendered in connection with this

Agreement shall be such fees and expenses as are usually applicable to services of a similar nature. The fees shall be determined and shall be paid by the parties, each party paying 50% of the cost of such services.

Section 7.3 Resolution by the Circuit Court – If pursuant to Section 7.1 the Parties are unable to agree on the calculation of any payment for facilities , or are unable to agree as to any technical requirement of the contract, including any provision requiring conformance to sound and economical engineering and operating practices, CLAY or GRU may, after ten (10) days' written notice to the other party of its intent to do so, petition the Circuit Court of Alachua County, Florida, to determine by declaratory judgement or otherwise, the rights of the parties under this Agreement. In the event one or both parties shall petition such Circuit Court for resolution of a dispute as provided in this Section, each Party shall pay the costs of its own legal representation, costs of depositions of parties or witnesses and expert fees. Court costs shall be assessed equally against the parties, without regard to the concept of the “prevailing party”.

## ARTICLE VIII TERM OF AGREEMENT

Section 8.1 – The term of this Agreement shall commence on the effective date of this Agreement and shall continue in effect for a period of fifteen (15) years. The effective date of this agreement shall be the date of the FPSC's order granting final approval of this Agreement. Thereafter this Agreement shall be automatically extended for succeeding periods of one (1) year each. The Agreement may be cancelled by either party upon written notice provided to the other party at least six (6) months before the beginning of any extension period.

## ARTICLE IX MISCELLANEOUS

Section 9.1 Negotiations – Regardless of the terms or conditions which may have been discussed during the negotiations leading up to the execution of this Agreement, the only conditions agreed upon are those set forth herein, and no alterations, modification, enlargement or supplement to this Agreement shall be binding upon either of the parties hereto unless the same shall be in writing and hereto attached and signed by both parties. Furthermore, this Agreement shall supercede any and all territorial agreements previously entered into by the Parties.

Section 9.2 - Other Electric Utilities. Nothing in this Agreement is intended to define, establish or affect in any manner the rights of either party hereto relative

to any other electric utility not a party to this Agreement with respect to the furnishing of retail electric service including but not limited to the service territory of either party hereto relative to the service territory of any other electric utility not a party to this Agreement.

Section 9.3 Third Parties, Successors and Assigns – Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon or give to any person or corporation other than the parties hereto any rights, remedy or claim under or by reason of this Agreement or any provisions or conditions hereof; and all of the provisions, representations, covenants, and conditions herein contained shall inure to the sole benefit of and shall be binding only upon the parties hereto and their respective representatives, successors, and assigns.

Section 9.4 Notices – Notices given hereunder shall be deemed to have given to GRU if sent by U.S. Mail postage prepaid, by courier, or by hand deliver to:

General Manager  
Gainesville Regional Utilities  
P.O. Box 147117  
Gainesville, Florida 32614-7117

and to CLAY if sent by U.S. Mail postage prepaid, by courier, or by hand delivery to:

General Manager  
Clay Electric Cooperative, Inc.  
P.O. Box 308  
Keystone Heights, Florida 32656

Such address to which such notice shall be mailed may at any time be changed by designating such new address and giving notice thereof in writing in the manner as herein provided.

ARTICLE X

Section 10.1 IN WITNESS WHEREOF, this Agreement has been caused to be executed in duplicate by GRU in its name by its Mayor, duly authorized by the City Commission on the 28 day of Jan, 2002, and its corporate seal hereto affixed and attested by the Clerk of the Commission, and by CLAY in its name by its President, and its corporate seal hereto affixed and attested by its Secretary, on the day and year first above written; and one of said duplicate copies has been delivered to each of the parties hereto.

General Manager

February 20, 2002

Dear Customer:

Gainesville Regional Utilities (GRU) and Clay Electric have entered into a new territorial agreement that designates electric service boundary lines within Alachua County for both utilities. The new agreement comes after nearly a year of negotiation in anticipation of the previous agreement's expiration.

The new agreement has been approved by both utilities and will now be sent to the Florida Public Service Commission (PSC). If approved by the PSC, your electric service is among the approximately 20 GRU accounts in the southwest Gainesville area (Savannah Pointe, Williston Road - west of I75 and south of Archer Rd, west of 63rd Blvd.) that will be transferred to Clay Electric within three years of the PSC approval date.

Your account with GRU is valued and it is with much regret that we must transfer your account at a future date. However, this agreement with Clay Electric will prevent future duplication of electric service facilities that would be costly to both utilities and would eliminate potentially hazardous situations to utility workers. The PSC has previously recognized the benefits of territorial agreements and encourages utilities to enter into these types of agreements.

When a utility notifies its customers of an agreement that involves a transfer, the PSC asks that customers be notified of the corresponding rates of the utilities. Therefore, for your information, please note the attached chart that reflects both residential and commercial rates.

If you should have any questions or concerns about the agreement, you may contact me at the address below. My email address is [manager@gru.com](mailto:manager@gru.com).

Sincerely

A handwritten signature in black ink that reads "Michael L. Kurtz". The signature is written in a cursive, flowing style.

Michael L. Kurtz  
General Manager

<b>Residential Customers</b>			
<b>Clay Electric</b>		<b>Gainesville Regional Utilities<sup>c,d</sup></b>	
Monthly Customer Charge	\$ 9.00	Monthly Customer Charge	\$ 4.90
Energy Charge per kWh (for the first 1,000 kWh)	\$ 0.0685	Energy Charge per kWh (for the first 1,000 kWh)	\$ 0.0498
Energy Charge per kWh (over 1,000 kWh)	\$ 0.0785	Energy Charge per kWh (over 1,000 kWh)	\$ 0.0544
Fuel/Power Cost Adjustment per kWh <sup>a</sup>	\$(0.0036)	Fuel/Power Cost Adjustment per kWh <sup>a</sup>	\$ 0.0220
<b>Commercial Customers (with demand of less than 50 kW)</b>			
<b>Clay Electric</b>		<b>Gainesville Regional Utilities<sup>c,d</sup></b>	
Monthly Customer Charge	\$ 9.00	Monthly Customer Charge <sup>b</sup>	\$ 9.13
Energy Charge per kWh	\$ 0.0735	Energy Charge per kWh <sup>b</sup>	\$ 0.0555
Fuel/Power Cost Adjustment per kWh <sup>a</sup>	\$(0.0036)	Fuel/Power Cost Adjustment per kWh <sup>a</sup>	\$ 0.0220

**Notes:**

<sup>a</sup> Month of February 2002. Subject to change monthly. Brackets indicate a reduction per kWh.

<sup>b</sup> Optional Business Partner's term agreement would reduce this charge by 7%

<sup>c</sup> The Gainesville City Commission is currently considering reductions to these rates.

<sup>d</sup> Gainesville Regional Utilities customers in unincorporated areas are subject to a 10% surcharge.

Dear Customer:

Clay Electric and Gainesville Regional Utilities (GRU) have entered into a new territorial agreement that designates electric service boundary lines within Alachua County for both utilities. The new agreement comes after a year of negotiating in anticipation of a previous agreement expiring.

The new agreement has been approved by both utilities and will now be sent to the Florida Public Service Commission (PSC). If approved by the PSC, your electric service is among the approximately 1100 Clay Electric accounts southwest of Gainesville (Archer Road area - west of I75) that will be transferred to GRU within three years of approval by the PSC. GRU customers located in Savannah Pointe (Williston Road - west of I75) will be transferred to Clay Electric.

Your membership in Clay Electric is valued and it is with much regret that we transfer your account at a future date. However, this agreement with GRU will prevent future duplication of electric service facilities that would be costly to both utilities and would eliminate potentially hazardous situations to utility workers. The PSC has previously recognized the benefits of territorial agreements and encourages utilities to enter into this type of agreement.

When a utility notifies its customers of an agreement that involves a transfer, the PSC asks that customers be notified of the corresponding rates of the utilities. Therefore, for your information, please note the enclosed chart that reflects both residential and commercial rates.

If you should have any questions or concerns about the agreement, you may contact me at the address above. My email is [hmott@clayelectric.com](mailto:hmott@clayelectric.com)

Sincerely,

Howard M. Mott, Jr.
