Subject: Florida PSC Name Change Concern

Mr. Martin,

I have been forwarded a copy of the Commission update sheet for Com Tech International Cable Corporation, Certificate No. 7790. The update states that the Company has changed its name to ASUR Net, Inc.

The Commission does not have a request to process a name change for this Certificate on file. The Company is certificated as Com Tech International Cable Corporation and should be conducting business in this name until the new name has been approved and administratively processed by Commission staff.

Often Companies are not aware of the Commission's requirement. To right this error, please send a letter to the Commission requesting an official name change and attach a copy of the Florida Secretary of State's administrative name change from Com Tech International Cable Corporation to ASUR Net, Inc.

If by chance these are separate corporations altogether, then the matter is far more complicated.

Please contact me either via email or by telephone at 850/413-6532.

Sincerely,

Toni McCoy

RE: Responses to "Update Letters" - Indicating name changes

Recently mailed out my request for "updated information" from all the Companies/Utilities under the FPSC jurisdiction and they are currently being returned. The following company responded by indicating on the letter that their company's name has changed from what they were originally certificated as:

1. Com Tech International Cable Corporation - TA057

Forwarding copy of my "updated information" for the above company for your information and further handling. I have checked CMS, no request for a name change has been received and until a docket is opened and an order is issued acknowledging their request, they will remain listed as they were originally certificated under.

I did update MCD with the other new information that was provided by the company.

Thanking you in advance for your help.
