Hello Kay and Ruth! After reading the information below, please change the docket title to reflect an effective date of October 5, 2001 instead of April 29, 2002. Thank you.

Adam's case was different because in Adam's case the company had paid the 2002 RAFs and therefore the effective date could not be in 2001. In this docket--020290-TC, they only paid the RAFs for 2001, not 2002, so the effective date is not affected.

Hello, Linda. Notwithstanding the corrections that you sent back to me regarding the above docket;

I processed a voluntary cancellation a few weeks ago that had requested an effective date the year prior to the actual date that staff received the RAF payment. I put that date in the recommendation and Adam brought the REC back to me saying that the date had to be date in 2002 because that's when we received payment. Would you get clarification for me, please? The same thing applies to the above company's request. The company requests cancellation effective 10/05/01 but we received RAF payment 4/29/02.

Would it be possible for the four of us in legal doing certification to receive notification at the time a docket name change is requested from records, rather than getting notification at the time it is received at records?
