Re: MetStream Communications TJ496 TX548

(020364-TP)

Dear Ms Moses:

I have been trying for some time to decommission the account for MetStream Communications, Inc. in the State of Florida but cannot seem to get the information to the right person or fill out the right forms. I had submitted the forms in the past and made a payment but everything was returned to me.

MetStream Communications, a startup company, was officially closed in March 2001 and never did any business in the State of Florida even though it had registered for a communications license in that state. The company has been fully liquidated and has no remaining assets.

Please let me know what I need to do to successfully terminate the business in the State of Florida to avoid any additional notices being sent out. As I mentioned above, the company has been closed for over 1 year.

Regards,

Todd J Henne
