RE: Docket No. 020395-TL, BellSouth Petition for Expedited Review of Growth Code Denials by NANPA for Miami and Gainesville Exchanges (West Miami and Gainesville-Main DS1).

On May 2, 2002, BellSouth filed a petition requesting the Commission overturn NANPA's decision to deny a growth code in the West Miami switch (MIAMFLWMDS0), in the Miami rate center for 5,000 consecutive Direct Inward Dialing (DID) numbers that do not begin with a 0, 1, or 9. The petition also included a request to overturn NANPA's decision to deny a growth code in the Gainesville-Main DS1 switch (GSVFLMADS1), in the Gainesville rate center for consecutive DID numbers. In accordance with Commission Order PSC-01-1973-PCO-TL (Docket No. 010782-TL) which approved an expedited process for code denials, we have examined the BellSouth petition, along with the confidential supplemental information, and have determined the following:

- 1) The carrier has demonstrated that it has customers in need of immediate numbering resources;
2) The carrier has shown that it will be unable to provide services to the potential customers because of NANPA's denial of numbering resources; and
3) The potential customers cannot obtain service from the provider of its choice because the carrier does not have numbers available to fulfill the customer's needs.

Since the three required criteria of Order PSC-01-1973-PCO-TL have been met, please prepare an administrative Proposed Agency Action (PAA) Order to be issued within seven business days of this memorandum (May 23, 2002) as outlined in the expedited code denial process order. NANPA should be directed to provide BellSouth the needed numbering resources to meet its customer's needs. Eight previous NANPA code denials orders have been issued using the new expedited process (See Docket Nos. 011235-TL, 011266-TL, 011312-TL, 011419-TL, 011528-TL, 020109-TL, 020236-TL and 020338-TL).
