Re: Docket Number 020402

Dear Ms. Bayo :

Please accept this correspondence to be entered in the above-referenced docket as an amendment to the previous letter filed as formal notification dated May 3, 2002 concerning the pending merger of PhoneTel Technologies, Inc. ("PhoneTel") (Certificate No. 3644 – Pay Telephone Service Provider, Certificate No. 2974 – Alternative Operator Service Provider) and Davel Communications, Inc. ("Davel")(operating through its wholly owned subsidiary, Telaleasing Enterprises, Inc., Certificate No. 2358 – Pay Telephone Service Provider). The joint applicants respectfully amend the prior notification as follows.

In connection with applicants' request for the Commission's approval of the contemplated change of control and pursuant to the Commission's previous Order No. PSC-99-1134-AS-TC issued June 7, 1999, the applicants request that the petition be amended to request cancellation of both the AOS and PATS certificates currently held by PhoneTel Technologies, Inc. PhoneTel no longer provides AOS services in the state. Moreover, upon consummation of the merger, PhoneTel's continuing pay telephone services will be operated under Davel's existing subsidiary, Telaleasing Enterprises, Inc., which holds existing PATS certificate number 2358 as previously granted by this Commission.

In addition, upon consummation of the merger, Davel represents and agrees that it will be responsible for any outstanding regulatory fees, penalties or interest previously incurred by its subsidiary, PhoneTel.

Furthermore, please be advised that the respective shareholder meetings have been set for Davel and PhoneTel on July 11, 2002, with the completion of the merger anticipated soon afterward. Therefore, the parties respectfully request expedited treatment of this matter to the greatest extent possible.

Please acknowledge receipt of this filing by date-stamping the extra copy of this letter and returning it in the self-addressed, stamped envelope provided for this purpose. Thank you for your time and attention to this matter. Should you have any questions or desire additional information, please do not hesitate to contact the undersigned at 813-628-8000 ext. 333.

Sincerely,
