Re: Docket No. 011451-WS; Plantation Bay Utility Company  
Our File No. 36062.01

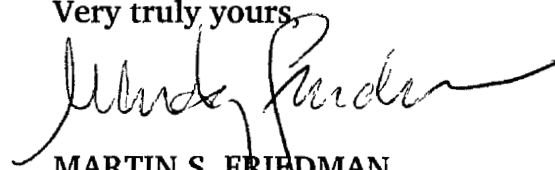

Dear Mr. Rendell:

This letter is to confirm our telephone conference yesterday wherein Plantation Bay Utility Company has agreed to a 60 day extension of the statutory time within which the Commission has to address potential overearnings in connection with the application of the 2000 price index.

This letter is also to confirm Plantation Bay Utility Company's request that as a part of this docket that the Commission approve a change in the Company's service availability policy to allow the Company to discontinue accepting contributed property. We believe that this change in the service availability policy will eliminate any potential future overearning issue by increasing the Utility's rate base.

Thank you for your consideration of these issues and please do not hesitate to give me a call should you have any questions.

Very truly yours,

MARTIN S. FRIEDMAN
